## Biographical/Historical Note

---

The parish financial reports were submitted annually by every pastor to the Chancery Department of the Archdiocese of New York. Many of the reports date back to the founding of parishes and extend either till the year a parish was closed, or until 1987, the latest records that we have. These reports asked pastors to update the Chancery on the different financial aspects of the parish, including various costs and payments. These reports also helped to determine whether or not a parish was in need of a financial aid, and allowed the Chancery to make sure a parish was financially stable.

## Scope & Content Note

---

This collection consists of all Annual financial reports collected from individual parishes in the Archdiocese of New York by the Archdiocesan Chancery Office. Although the forms vary from year to year, as a whole they record the financial information from each parish. If a parish was a mission to another parish, it is possible to find their older financial reports in that parish's folder, until the date they were made a separate parish. There are gaps in some of the reports which could possibly be the result of reports not making their way to the archives. The collection is organized based on the location of the parish in the Archdiocese and only date till 1987, and in some cases 1988. The more recent reports are still with the Chancery Department.

## Arrangement

---

This collection is arranged into series based on the various counties found in the Archdiocese of New York.

- I. Manhattan
- II. Bronx
- III. Staten Island
- IV. Dutchess County
- V. Orange County
- VI. Putnam County
- VII. Rockland County
