APPENDIX A12

1.0 INTRODUCTION.

The gift of human sexuality is a fundamental component of human nature. God has created us in his own image and likeness, as male and female, with a vocation to love. The proper expression of the gift of sexuality is one of the most significant ways in which we express and receive love in our relationships.

The Archdiocese of New York holds all who work in its parishes, programs, institutions, and related organizations to a high standard of virtue in their conduct, rooted in the command of Jesus Christ Himself that we love one another as He loved us (John 13:34). The Archdiocese expects its workers to be examples of the virtue of chastity -- "the successful integration of sexuality within the person and thus the inner unity of man in his bodily and spiritual being". *Catechism of the Catholic Church*, par. 2337.

Sadly, the gift of sexuality can be misused, which causes great harm to ourselves, to others, and to society as a whole. In particular, the sin and crime of child sexual abuse is a terrible betrayal of trust. It is utterly reprehensible, and we are dedicated to eliminating and preventing it. Other forms of sexual misconduct are also always unacceptable.

The Archdiocese is unconditionally committed to ensuring a safe environment in all of its institutions and programs. This policy is intended to establish guidelines in an effort to prevent sexual misconduct of all kinds and to define how the archdiocese will respond to any allegations brought to its attention. The archdiocese is also determined to offer assistance, support, and aid in healing to those who have been victims of these offenses, particularly when they have been committed by members of the clergy.

In the implementation of this policy, the archdiocese will be guided by the moral teachings and doctrines of the Catholic Church. It will also rely on and comply with all relevant provisions of civil and criminal laws, the *Code of Canon Law*, the *Bishops' Charter for the Protection of Children and Young People*, the *Essential Norms for Diocesan/Eparchial Policies Dealing with Allegations of Sexual Abuse of Minors by Priests or Deacons*, and any directives and decrees from the competent authorities of the Holy See.

We entrust our efforts to the patronage and prayers of Saint Joseph, Guardian of the Redeemer, who, together with the Blessed Virgin Mary, protected their holy child from all manners of harm, nurturing Him with love, fidelity, and steadfastness.

- 3.6 This policy shall be an item for inclusion in the negotiations of all collectively bargained contracts of employment with the archdiocese, now and in the future.
- 3.7 Acknowledgment of receipt and understanding shall be included in any contracts of employment with the archdiocese.
- 3.8 A signed acknowledgment of receipt and understanding shall be required of all non-contractual employees and all volunteers who are in regular contact with minors. The signed acknowledgments of receipt and understanding of these guidelines will be returned to the superior or supervisor and filed in the appropriate personnel file. The required acknowledgment is attached to this policy as Appendix A.
- 3.9 Failure to execute the acknowledgement specified in section 3.8 shall not affect the obligation to comply with this policy by any archdiocesan personnel.
- 3.10 This policy does not and is not intended to create any contractual obligation, expressed or implied, on the part of the archdiocese.

4.0 EDUCATION AND TRAINING.

- 4.1 All personnel having regular contact with children must receive training in the policies of the archdiocese regarding sexual misconduct and the prevention of child sexual abuse, the relevant codes of conduct, and identifying and responding to potential incidents of sexual misconduct. This training must be completed at the beginning of a person's

volunteer service or employment and at such other intervals as are specified by the Safe Environment Office.

- 4.2 If any person fails to satisfy the training requirement, he/she may not come into contact with minors in any program or activity of the archdiocese or any of its parishes or institutions until they comply with the training requirement.
- 4.3 Education and resources about child sexual abuse and its prevention shall also be provided to minors in archdiocesan schools and religious education programs and to their parents. Parents may choose not to have their child(ren) participate in the child protection training in their school or religious education program. In such cases, resources shall be offered to the parents so that they can instruct their child(ren).
- 4.4 All training and educational materials shall be reviewed to ensure that they fully conform to the moral teachings of the Catholic Church. No educational materials may be used that fail to fully conform to the moral teachings of the Catholic Church.

5.0 SCREENING AND BACKGROUND CHECKS.

- 5.1 All personnel of the archdiocese whose position or duties place them in regular contact with minors must be screened for suitability for service. Due to the religious nature of all archdiocesan institutions, the archdiocese shall evaluate the suitability of persons applying for employment or volunteer service, and those who have already entered into such service, based on the moral teachings of the Catholic Church. The archdiocese reserves the right to make decisions about employment or volunteer service that will promote the religious principles of the Catholic Church.
- 5.2 This screening will include a background check (including checks of criminal history and sex offender registry status), which may be conducted at the time of application for service, and during the course of service, according to policies established by the Safe Environment Office.
- 5.3 All archdiocesan personnel in regular contact with minors must submit to a background check. Failure to submit full and complete information required for a background check, or any false statement made during the screening process, shall constitute grounds for termination of employment and being barred from any contact with minors in any program or activity of the archdiocese.
- 5.4 Results of background checks will be evaluated by the director of the Safe Environment Office to determine if there may be a risk to minors. The information provided and the results will be handled with the highest degree of discretion in order to protect the privacy of all personnel and to ensure that negative information is not improperly revealed. The results of background checks shall be handled according to the policies and procedures established by the Safe Environment Office and in full conformity with all applicable provisions of state and federal law.

5.5 The archdiocese may periodically conduct a new background check for personnel after the passage of not less than six years since the person's last check, or if information is received regarding an incident or criminal conviction.

6.0 REPORTING ALLEGATIONS TO ARCHDIOCESAN AUTHORITIES.

6.1 Any incident of child sexual abuse or sexual misconduct must be reported immediately to the director of the Safe Environment Office or the general counsel of the Office of Legal Affairs. All reports of alleged child sexual abuse or sexual misconduct shall be handled in accordance with the appropriate provisions of civil and canon law, this policy, and any policies or procedures established by the Safe Environment Office.

6.2 Each reported incident will be investigated promptly, with a high level of Christian care, concern and confidentiality for the alleged victim, the family of the alleged victim, the person reporting the incident, and the alleged perpetrator.

6.3 Reports will be evaluated by competent, objective persons exercising due diligence to ensure that all relevant information is obtained and considered.

6.4 Reports of child sexual abuse and sexual misconduct must be made in writing, or, if made orally, written down by an archdiocesan official and signed by the person making the complaint. The allegation should contain the following:

- a. the name and signature of the complainant;
- b. the name of the person accused or sufficient information that the accused can be identified with accuracy;
- c. a detailed description of the facts and circumstances of the incident; and
- d. whenever possible, the names and contact information of other persons who may have relevant information regarding the incident.

6.5 Anonymous reports are given due consideration and the allegations are promptly evaluated. All reasonable efforts shall be made to encourage an anonymous complainant to identify himself/herself and to cooperate with the investigation of the report.

6.6 When a report is received alleging child sexual abuse by a member of the clergy, notice shall be promptly given by the general counsel of the Office of Legal Affairs or the director of the Safe Environment Office, to the archbishop, vicar general, chancellor, and victims' assistance coordinators.

6.7 Nothing in this policy shall require or permit a priest to violate the priest/penitent relationship of the Sacrament of Confession (see *Code of Canon Law*, canons 983 and 984), or the privilege of confidential communication made to a priest in confession "or a confidence made to him in his professional character as spiritual advisor." (New York State Civil Practice Law and Rules section 4505).

6.8 Persons who report alleged incidents pursuant to this policy, and those who cooperate with investigations of such reports, shall be entitled to the protections of the archdiocesan

"whistleblower" policy. The archdiocese expressly prohibits any form of retaliation, including harassment, intimidation, or adverse employment actions against personnel who raise suspected violations of law, cooperate in inquiries or investigations, or identify potential violations of archdiocesan policies.

7.0 INITIAL EVALUATION OF ALLEGATIONS OF CHILD SEXUAL ABUSE.

- 7.1 After receiving a report of child sexual abuse, an initial evaluation shall be immediately undertaken by the Safe Environment Office or the Office of Legal Affairs, or by persons designated by them.
- 7.2 If this initial evaluation concludes that there is reasonable cause to believe the allegation, the accused person shall be relieved from the exercise of any function or responsibility or ministry, volunteer service, and/or employment in the archdiocese and placed on administrative leave pending the outcome of the internal or outside investigation, with such leave to be without pay and/or benefits as competent archdiocesan authorities may decide.
- 7.3 This initial evaluation shall not delay the reporting of an incident of child sexual abuse to the civil authorities, if required by law or this policy.

8.0 REPORTING CHILD SEXUAL ABUSE TO CIVIL AUTHORITIES.

- 8.1 Whenever there is reasonable cause to suspect that a minor has been the victim of child sexual abuse, the Office of Legal Affairs will make an immediate report to the appropriate civil authorities. If the alleged child sexual abuse was committed by a priest or deacon, this report will be made to the appropriate District Attorney's office(s).
- 8.2 Full cooperation shall be given by the archdiocese and its personnel to any investigation conducted by civil authorities. The archdiocese will suspend any internal investigation of an allegation of child sexual abuse until civil authorities either conclude their investigation or authorize the archdiocese to proceed with its own investigation. The archdiocese will not interfere in any way with any investigation being conducted by civil authorities.
- 8.3 If archdiocesan personnel receive a report of alleged child sexual abuse by any archdiocesan personnel, or a report of an alleged incident that takes place at any archdiocesan institution or program, they shall:
- a. strongly urge the alleged victim (or their parent or guardian) to immediately report the incident to the appropriate District Attorney's office or the police;
 - b. immediately notify the Office of Legal Affairs or Safe Environment Office; and
 - c. refer the alleged victim (or their parent or guardian) to the Victims' Assistance Coordinators.
- 8.4 If archdiocesan personnel receive a report of any form of alleged child abuse or neglect that occurred outside of an archdiocesan institution or program, they shall:

- a. immediately report the incident to the New York Statewide Central Register of Child Abuse and Maltreatment, as well as the appropriate police agency; and
- b. immediately notify the Safe Environment Office or Office of Legal Affairs.

9.0 MANDATORY REPORTING LAWS.

- 9.1 New York State law requires that specified persons and institutions ("mandated reporters") are required to report certain incidents where there is reasonable cause to suspect child abuse or maltreatment. Specifics of this law can be found in New York State Social Service Law.
- 9.2 Archdiocesan personnel who are mandated reporters under New York law shall fully comply with the requirements of the law. Failure to do so, in addition to any penalties that may be imposed by civil authorities, may also be grounds for disciplinary action by the archdiocese. Mandated reporters do not satisfy their obligation under New York law by reporting incidents to their supervisor.
- 9.3 Archdiocesan institutions that employ mandated reporters shall provide all such current and new employees with written information explaining the reporting requirements and shall otherwise fully comply with any applicable requirements of the mandatory reporting laws.

10.0 INTERNAL INVESTIGATION OF ALLEGATIONS.

- 10.1 An investigation into allegations covered by this policy shall be conducted by the director of the Safe Environment Office or the general counsel of the Office of Legal Affairs, or by persons designated by them. This investigation shall be conducted as expeditiously as is reasonable under the circumstances.
- 10.2 The archdiocese will suspend the internal investigation of an allegation of child sexual abuse until civil authorities either conclude their own investigation or authorize the archdiocese to proceed with its own investigation. The internal investigation of other allegations covered by this policy shall begin promptly upon the filing of a report.
- 10.3 In conducting the internal investigation, any findings and recommendations of civil authorities shall be taken into account.
- 10.4 During the internal investigation, full protection will be given to the due process rights of those who have reported incidents and those who are accused.
- 10.5 Both the complainant and the accused person have the following rights and duties:
- a. the right to have one's good name, rights, and privacy protected;
 - b. the right to offer information relevant to the report, along with the duty that any such information be accurate;
 - c. the right to have assistance of counsel, both civil and canonical; and
 - d. the right to know the status and results of the investigation.

- 10.6 Accused persons have the following additional rights and duties:
- a. the right to notice that a report has been made, provided that such notice does not interfere with any investigation being conducted by civil authorities;
 - b. the right to notice of the nature of the allegation, provided that such notice does not interfere with any investigation being conducted by civil authorities;
 - c. the right to be presumed innocent until the allegation is resolved;
 - d. the right to appeal a determination that the person committed an act of child sexual abuse or sexual misconduct;
 - e. the duty not to interfere with the investigation;
 - f. the duty not to contact the complainant while the investigation is pending;
 - g. the duty not to encourage, request, aid, or approve any of other person making contact with the complainant or any other person who is providing information to the investigation with the intent to influence their cooperation with the investigation; and
 - h. the duty not to engage in, encourage, request, aid, or approve any action that is intended to have a detrimental effect on the reputation of the complainant, or of any other person who is providing information or cooperating with the investigation.
- 10.7 When accusations are made of child sexual abuse involving personnel of the archdiocese, contact with the alleged victim and family should be promptly initiated by a Victims' Assistance Coordinator appointed by the archdiocese. Medical, psychological, and spiritual assistance and, in appropriate instances, economic assistance may be offered in the spirit of Christian justice and charity.
- 10.8 Any media contact or inquiries regarding a report of child sexual abuse by personnel of the archdiocese must be directed to the director of the Office of Communications.
- 10.9 Allegations of sexual harassment will be investigated and evaluated on a case-by-case basis. Factors to be considered in determining appropriate action include:
- a. the nature and degree of the conduct;
 - b. whether lack of consent to physical contact was involved;
 - c. whether any previous complaints of sexual harassment had been made against the person;
 - d. whether the person had been warned about inappropriate conduct prior to the incident;
 - e. the type of harassment involved (i.e., hostile environment versus a demand for sexual involvement in exchange for employment or educational-related benefits); and
 - f. where hostile environment harassment is involved, the view of the victim as to the proper penalty and an objective consideration of the conduct involved and the appropriate penalty.

11.0 RESOLUTION OF ALLEGATIONS.

- 11.1 At the completion of the internal investigation, the director of the Safe Environment Office or the general counsel of the Office of Legal Affairs shall determine whether or not there is sufficient reliable evidence that the accused person committed the alleged conduct, and shall report their conclusions and recommendations to the vicar general and chancellor.
- 11.2 If the allegation involves child sexual abuse by a clergy member, a report shall also be made by the director of the Safe Environment Office or the general counsel of the Office of Legal Affairs to the Advisory Review Board. These cases will be handled according to canon law and the procedures established for the Advisory Review Board.
- 11.3 A person shall be deemed to have committed an act of child sexual abuse or sexual misconduct if:
- a. the allegation is substantiated by sufficient credible and reliable evidence;
 - b. the accused person admits to, is found responsible for, or declines to contest an allegation of child sexual abuse brought in any civil, criminal, or administrative court, tribunal, or agency;
 - c. the accused person admits to having committed the alleged act; or
 - d. the accused person does not contest the allegation.
- 11.4 A lay person who is found to have committed an act of child sexual abuse or sexual misconduct may appeal that finding to the vicar general or chancellor.
- 11.5 If an allegation is found to have been false or unsubstantiated, the person shall be eligible to return to employment or service, subject to any reasonable conditions as are merited under the circumstances.
- 11.6 If an allegation has become a matter of public knowledge, but is determined to have been false or unsubstantiated, the archdiocese shall take appropriate corrective action to address any harm to the accused person's reputation.

12.0 PENALTIES FOR VIOLATIONS.

- 12.1 Any person who is found to have committed an act of child sexual abuse shall be permanently barred from exercising any employment, volunteer service, or ministry with any institution or program of the archdiocese.
- 12.2 If any priest or deacon is found to have committed an act of child sexual abuse, the offending priest or deacon will be subject to penalties prescribed in canon law, including permanent removal from ecclesiastical ministry and dismissal from the clerical state, if the case so warrants.
- 12.3 Any person who is found to have committed any other act of sexual misconduct shall be sanctioned with a just penalty, which may include termination of employment or

volunteer service, and being permanently barred from exercising any employment, volunteer, or ministry with any institution or program of the archdiocese.

- 12.4 In the case of a person found to have committed an act of sexual harassment, disciplinary action will be taken that is proportional to the seriousness of the offense. Corrective action will also be taken to correct any negative effects of the harassment and to prevent any future harassment.
- 12.5 Any person who is found to have violated a code of conduct or any of the safe environment policies shall be sanctioned with a just penalty, which may include being permanently barred from exercising any employment, volunteer, or ministry with any institution or program of the archdiocese.
- 12.6 A person who knowingly and maliciously makes a false allegation of child sexual abuse or sexual misconduct may be subject to appropriate disciplinary action or canonical penalties.
- 12.7 Any action to be taken against an employee of any archdiocesan institution pursuant to this policy shall be the sole responsibility of the person's legal employer. Nothing in this policy shall create a joint employer relationship of any kind with regard to any employee of any archdiocesan institution or program.

MEMORANDUM OF UNDERSTANDING BETWEEN THE ARCHDIOCESE OF NEW YORK AND THE NEW YORK COUNTY DISTRICT ATTORNEY
(Effective October 2019)

I. Introduction

This Memorandum of Understanding ("MOU") is a working agreement between the Archdiocese of New York and the New York County District Attorney.

The purpose of this MOU is to update and supplement the Memoranda of Understanding between the Archdiocese of New York and the New York County District Attorney dated May 14, 2002 and December 19, 2002 (attached hereto as Exhibits A and B). The Archdiocese of New York continues its commitment, in accordance with the United States Conference of Catholic Bishops' Charter for the Protection of Children and Young People, to immediately report all allegations of sexual abuse of minors by clergy. This document adds to that commitment a pledge to report all crimes of a sexual nature, whether the alleged victim is a minor or a non-consenting adult, and whether the alleged perpetrator is a member of the clergy or a lay person employed by or volunteering on behalf of the Archdiocese.

II. Definitions

- A. "Crime of a sexual nature"** for purposes of this MOU is any sexual conduct or attempted sexual conduct involving a minor or non-consenting adult allegedly committed by a Covered Individual, including, but not limited to, any sexual touching, sexual activity, display of any pornography to a minor or involving a minor, or dissemination of indecent material to minors. This includes, but is not limited to, any sex offense codified under the New York Penal Code at N.Y. Penal Law §130, including, but not limited to, predatory sexual assault, course of sexual conduct against a child, rape, criminal sexual act, sexual abuse, forcible touching, and endangering the welfare of a child codified under the New York Penal Code at N. Y. Penal Law §260. It shall also include any offense involving sexual performance by a child codified under the New York Penal Code at N.Y. Penal Law §263, including, but not limited to, use of a child in a sexual performance and possessing an obscene sexual performance by a child, and disseminating indecent material to minors codified under the New York Penal Code at N.Y. Penal Law §235.
- B. "Covered Individual"** means an individual employed by or volunteering on behalf of the Archdiocese, including clergy and lay persons.
- C. "Minor"** is a person under the age of eighteen.

III. Terms and Conditions of Understanding

- A.** Whenever the Archdiocese receives a report or has reasonable cause to suspect that a Covered Individual has committed a crime of a sexual nature while employed by or

volunteering on behalf of the Archdiocese, the Archdiocese will immediately refer the matter to the appropriate District Attorney's Office for investigation, regardless of when it occurred, and regardless of whether the alleged perpetrator is actively assigned or employed by the Archdiocese of New York. The complainant will also be strongly urged to report the complaint immediately and directly to the appropriate District Attorney's Office.

- B. The Archdiocese of New York receives allegations of crimes of a sexual nature by clergy through several sources. These include, but are not limited to, an online complaint form, a Victims Assistance Coordinator telephone number, and an independent compensation fund called the Independent Reconciliation and Compensation Program ("IRCP"). Allegations of crimes of a sexual nature by diocesan priests that were alleged to have occurred within the geographical area of the Archdiocese of New York, received through any source, will be referred to the appropriate District Attorney as outlined above in paragraph A. Allegations of crimes of a sexual nature by non-diocesan priests that were alleged to have occurred within the geographical area of the Archdiocese of New York (i.e., religious order, visiting, or extern priests) will be referred to the appropriate District Attorney in accordance with this procedure, as well as the relevant religious order or the priest's home diocese. The Archdiocese will refer complaints involving conduct that was alleged to have occurred outside the geographical area of the Archdiocese of New York by any member of the clergy to the diocese where the alleged conduct occurred, and that diocese will be responsible for reporting the complaint to the appropriate law enforcement or prosecutorial agency within their jurisdiction.
- C. The Archdiocese shall not conduct its own independent investigation of a complaint prior to reporting it to the District Attorney's office, other than a preliminary inquiry to establish that there is an allegation that a crime of a sexual nature occurred within the geographical area of the Archdiocese of New York. If there is a question as to whether the conduct gives rise to criminal liability, the Archdiocese shall consult with the appropriate District Attorney's Office.
- D. If the Archdiocese has reason to suspect a crime of a sexual nature has occurred, it will make every effort to coordinate with the District Attorney's Office in order to maintain relevant evidence and cooperate with their investigation.
- E. The Archdiocese will refrain from taking any action against an alleged perpetrator until such time as the District Attorney's Office has indicated that it has closed its investigation, or has otherwise agreed that such action will not interfere with any ongoing investigation. Notwithstanding the foregoing, under circumstances where immediate action is warranted to ensure the safety of minors, the Archdiocese will take such actions after consulting with the appropriate District Attorney' Office.
