On the fifth day, God said, 'Let the waters be full of living creatures, and let birds fly above the earth across the vault of heaven.' And so it was. God saw that it was good.

On the sixth day, God said, 'Let the earth produce every kind of living creature: cattle, creeping things and animals of all kinds.' And so it was. God made all the animals on the earth. God saw that it was good.

On the seventh day, God said, 'Let me make man and woman in my own image, in my likeness, and let them be masters of the fish of the sea, the birds of air, the cattle, all the animals and all the creatures that move along the ground.'

God created man and woman in the image of himself, in the image of God he created him, man and woman he created them. God looked at man and woman and saw that they were very good.
