Commercial pest control

Services to protect your business

Dear ICS Customers,

In response to requests from several Archdiocesan sites, ICS has identified Ehrlich as a new vendor for pest management services.

Ehrlich is a familiar name to many New Yorkers. It's a long-established company and we have negotiated favorable pricing for all ICS customers.

Ehrlich offers general pest control, as well as specific services for bed bugs, termites, mosquitoes & ticks, and birds & bats. It also provides bioremediation to maintain clear drains without harsh chemicals.

If you want a price quote on a specific service, please contact the ICS Customer Care team at 646-794-2600 or submit a request at <https://nyics.org/pest-control>. We will have an Ehrlich representative reach out to you to arrange a meeting. Summer is a great time to eliminate unwanted bugs and other pests....

Thank you for your ongoing business with ICS.

Terri Seidel

Services to protect your brand

Ehrlich has provided innovative service to businesses and homeowners since 1928. As a division of Rentokil, the world's largest commercial pest control company, Ehrlich can provide service in literally any part of the globe.

Offering a proactive **Integrated Pest Management** program, we work in partnership with you to develop the most efficient and cost effective pest control solution. Let Ehrlich's world class approach to commercial pest control give your business maximum protection against pests.

-  **General Pest Control Maintenance** – Develop a proactive program with an effective and environmentally sensitive approach based on the causes of your pest problems, your needs, and budget.
-  **Bed Bug Control** – Eradicate bed bugs with our range of effective treatment options combined with an approach that involves education, early detection, and proven methods.
-  **Termite Control** – Protect your business with a treatment zone around your facility to prevent or treat termites.
-  **Bird and Bat Control** – Minimize your risk with Ehrlich's specialized bird and bat control team that handles exclusion and clean-up without harming the birds or your building.
-  **Vegetation Management** – Eliminate weeds or unwanted plants around your property.
-  **Bioremediation** – Maintain proper functioning of your drain lines with innovative technology that utilizes live microorganisms that digest fat, oil, and grease and converts them into water and carbon dioxide.

Services to enhance your brand
