*“We announce the message of reconciliation through a ministry of charity and evangelization directed toward persons wounded by sin and its consequences. Our special orientation is to girls and women whose condition in life cries out for the healing and salvation which Jesus alone can bring. We are deeply committed to their human and spiritual healing and to their integral development. Since the well-being of the person is intimately linked to that of the family, we strive to serve them in the context of the family and the society in which they live.....”*
