Are parishes losing the younger generation? Is there more the Church can do to help marriages and families? Being proactive about internet dangers is essential in today's world and in the life of our parishes. **Join the Archdiocese of New York's Marriage and Family Life Office on [November 28 at 2:00 PM EST](#) and [November 30 at 7:00 PM EST](#)** for a webinar on "Safe Haven Sunday: Tools to Help Marriages and Families in the Internet Age."

We will prepare for our second annual Safe Haven Sunday together, which will be on February 24-25, 2024, by discussing the problem of pornography and the resources being made available to you as leaders, as well as the people in the pews! This live presentation will be led by Theodore Musco and Meaghan Quirk. **Our special guest is Amanda Zurface, JCL, the Catholic Church Outreach Specialist for Covenant Eyes.** Register by clicking the following [November 28 at 2:00 PM EST \(click here\)](#) and [November 30 at 7:00 PM EST \(click here\)](#).
