# Family Life Office

of the

*Archdiocese of New York*

**The Family Life Office** of the Archdiocese of New York collaborates with the parishes of the archdiocese and recommends programs and resources that prepare and enrich engaged and married couples; educate, form, support, and strengthen families; build and promote a culture of life; and provide healing and comfort to those struggling with loss, grief, or brokenness.

The four pillars of marriage and family life found in the United States Conference of Catholic Bishops document *Called to the Joy of Love: The National Pastoral Framework for Marriage and Family Life Ministry* are: Prayer and Relationship with Christ, Formation, Accompaniment, and Advocacy. They form the foundation on which we continue to build and support programs and initiatives for use by parishes.

Know that the entire Family Life Office staff are ready to serve your needs and look forward to hearing from you.

## General Family Ministries

---

Thus the family, in which the various generations come together and help one another grow wiser and harmonize personal rights with the other requirements of social life, is the foundation of society. All those, therefore, who exercise influence over communities and social groups should work efficiently for the welfare of marriage and the family.

– Gaudium et Spes, #52

Outreach to families is multi-faceted and takes the commitment of many groups and individuals. The Family Life Office is tasked with coordinating these efforts, especially in the areas that follow. However, in the ever-changing climate, we are not limited to only the areas listed and seek to work with pastors and parish leaders to serve the needs that may arise. Please contact the Director for assistance in areas other than the ones that follow.

## Marriage

---

The office provides ongoing support for clergy and couples at several different inflection points:

### *Marriage Preparation (Pre-Cana)*

The archdiocesan marriage preparation program is composed of a set of integrated components including an online relationship inventory, online learning modules, and a one-day Pre-Cana (in-person or virtual). The program is available in both English and Spanish language offerings.
