Activity: This activity allows students to reflect on their own families and the blessings that can be found within our own families. By sharing about weddings, students share about the sacrament of marriage and the celebration of love it involves.

Have the students draw a picture of themselves with their family and write or share aloud all the

different ways that their family brings them joy.

Ask students if they have ever been to a wedding. If they have, ask them to share their experiences and the love they witnessed at the event.

Prayer:

God our Father, thank you for my family,
for hugs and kisses and special times together.

Thank you for my friends,
for laughter and chatting and sharing.

Thank you for my home,
for rest times and bed times.

Thank you for playtimes, for toys and games and books,
and for helping me to enjoy them all.

Amen.
