

ICS hopes that you are staying safe, healthy, and positive during these trying times. No doubt, we all look forward to a return to normal activities and being able to conduct business as usual. Indeed a focus on maintaining clean, germ-free environments will certainly be a part of all of our futures.

Below are a variety of product ideas and/or services that may aid in your intended cleaning and sanitizing efforts. ICS can consult with you on specific products and will recommend qualified vendors. Keep in mind that certain items and products are in short supply right now, but we are currently working with our distributors on building inventories. It is our expectation that we will be able to accommodate your product needs and, where order fulfillment delays may exist, we will be sure to advise you accordingly. In any event, as we strive to return to some level of normalcy in our world, now may be a good time for you to consider how you might want to tackle some of these projects.
