

With over 150 years of history—Root Candles adorn churches and cathedrals across the country, providing superior burning candles and clean burning wax.

PASCHAL CANDLES

With this sacred tradition, Root Candles takes great care in hand-crafting our made-to-order Paschal Candles right here in the USA.

Our candle artisans are experts in individually hand-tooling and embellishing each unique design on a 51% pure beeswax candle.

Offered in a variety of designs, diameters and heights as well as matching Altar Candles.

SANCTUARY LIGHTS

The use of Sanctuary Lights can be traced to the Book of Exodus in the Old Testament, when a light was always burning within the Temple to honor God.

The use of Sanctuary Lights in Roman Catholic churches dates to the 12th Century – and shines permanently to indicate to all who visit, that Jesus is present in the Blessed Sacrament in the Tabernacle.

Offered in glass or plastic with choice of ivory or white wax. Pair with our Glass Globes offered in clear or four colors.

Sanctuary Lights

Glass Globes

RENUELITE™ SYSTEM

Pronounced Renew-A-Light, this system consists of glass globes that remain in your candle stand and renewable plastic inserts. Safe, clean burning and economical!

This innovative Devotional Light design, provides the security of a glass globe with the convenience, economy and lighter weight of a plastic light. When the light has finished burning, simply remove the plastic insert and replace it with a new one.

Colored glass globes are used with clear plastic inserts, or you can choose clear globes with colored plastic inserts. It is easy to coordinate the lights with the liturgical calendar, colors associated with a saint or a nationality, or just to match the church's décor. Designed for maximum performance when burned in Renuelite Globes.

- Fewer natural resources and energy are used when plastic is manufactured, compared to glass.
- Light-weight plastic reduces freight costs.
- Buy Renuelite™ plastic inserts - Root's most economical devotional light.

Renuelite™ Plastic Inserts

Limited color choices in certain sizes.
