## ***Prepare/Enrich* Facilitator Training for Clergy**

The Family Life Office is conducting a training for Clergy on the *Prepare/Enrich (PE)* [pre]marital relationship inventory tool.

This training will focus on the mechanics of *PE* and is designed to help clergy administer the *PE* tool and use the tangible feedback about a couple's relationship in areas such as communication, conflict resolution and spiritual beliefs.

Additionally, this training will familiarize you with the *Catholic Couple Checkup* inventory. Currently trained *PE* facilitators are welcome to come for a refresher, we just ask that you bring your *PE* materials from your original training workshop.

The training workshop is scheduled at St. Joseph's Seminary on Thursday, July 28, 2022, from 10:00 am to 3:00 pm.
