Notification of Self-Insurance

This is not an Insured Benefit Plan. The Benefits described in this booklet or any addendums attached hereto, are self-insured by employers participating in the Choice Group Health Plan sponsored by the Archdiocese of New York, which is responsible for their payment. UnitedHealthcare provides claim administration services to the Plan, but UnitedHealthcare does not insure the Benefits described.

This booklet may use words that describe a Plan insured by UnitedHealthcare. Because the Plan is not insured by UnitedHealthcare, all references to insurance shall be read to indicate that the Plan is self-insured.

SUMMARY PLAN DESCRIPTION CHOICE PLAN SPONSORED BY THE ARCHDIOCESE OF NEW YORK FOR
BARGAINING LAY EMPLOYEES

UnitedHealthcare is a private healthcare claims administrator. UnitedHealthcare's goal is to give you the tools you need to make wise healthcare decisions. UnitedHealthcare also helps your employer to administer claims. Although UnitedHealthcare will assist you in many ways, it does not guarantee any Benefits. Archdiocese of New York is solely responsible for paying Benefits described in this SPD.

Please read this SPD thoroughly to learn how the Group Health Plan sponsored by the Archdiocese of New York works. If you have questions contact your local Benefits Administrator or Human Resources Coordinator or call the number on the back of your ID card.

How To Use This SPD

- Read the entire SPD, and share it with your family. Then keep it in a safe place for future reference.
- Many of the sections of this SPD are related to other sections. You may not have all the information you need by reading just one section.
- You can find copies of your SPD and any future amendments or request printed copies by contacting your Benefits Administrator or Human Resources Coordinator.
- Capitalized words in the SPD have special meanings and are defined in Section 14, *Glossary*.
- If eligible for coverage, the words "you" and "your" refer to Covered Persons as defined in Section 14, *Glossary*.
- Archdiocese of New York is also referred to as Company.
- If there is a conflict between this SPD and any benefit summaries (other than Summaries of Material Modifications) provided to you, this SPD will control.

SECTION 2 - INTRODUCTION

What this section includes:

- Who's eligible for coverage under the Plan;
- The factors that impact your cost for coverage;
- Instructions and timeframes for enrolling yourself and your eligible Dependents;
- When coverage begins; and
- When you can make coverage changes under the Plan.

Eligibility

You are eligible to enroll in the Plan if you are a regular full-time employee who is on a 12 month payroll, is scheduled to work at least 20 hours per week or employees with variable work hours (variable work hour employee would have to have an average of 30 hours per week (130 hours per month) of service during the employer's measurement period to be eligible for health benefit coverage. If eligible and the employee enrolls, coverage would continue for the applicable stability period) and is actively at work on the day coverage is to begin and Teachers who are on temporary leave of absence and are assigned to the Federation of Catholic Teachers in fulfillment of the union as officers and organizers of the union.

Your eligible Dependents may also participate in the Plan. An eligible Dependent is considered to be:

- your Spouse, as defined in Section 14, *Glossary*;
- your or your Spouse's child who is under age 26, including a natural child, stepchild, a legally adopted child, a child placed for adoption or a child for whom you or your Spouse are the legal guardian; or
- an unmarried child age 26 or over who is or becomes disabled and dependent upon you.

To be eligible for coverage under the Plan, a Dependent must reside within the United States.

Note: Your Dependents may not enroll in the Plan unless you are also enrolled. In addition, if you and your Spouse are both covered under the Plan, only one may enroll as a Participant and the other be covered as a Dependent of the other person, but not both. In addition, if you and your Spouse are both covered under the Plan, only one parent may enroll your child as a Dependent.

A Dependent also includes a child for whom health care coverage is required through a Qualified Medical Child Support Order or other court or administrative order, as described in Section 13, *Other Important Information*.

Rules for member groups participating in the Archdiocesan Group Benefits Program

Eligibility for group membership in the Archdiocese of New York Group Benefits Program (hereinafter referred to as the “Benefit Program”) is restricted to agencies, organizations, and institutions (individually and collectively referred to as “Group(s)”) currently listed in the *Official Catholic Directory* published by Kenedy and Sons that maintain at least one location within the geographic boundaries of the Archdiocese of New York. The majority of a Group’s employees/members, including an employee’s/member’s spouse and dependent children, (collectively referred to as “Enrollees”) enrolled in the Benefit Program must work and/or reside within the geographic boundaries of the Archdiocese in order to participate in the Benefit Program.

Groups joining the Benefit Program must commit to participating in the Benefit Program for a minimum of two years.

Coverage:

Each Group must include all lines of coverage that the Group provides for their eligible Enrollees covered under the Benefit Program unless the Enrollee is not eligible for a particular coverage. Each group must provide life, accidental death and dismemberment (AD&D), and New York statutory disability (“NYDBL”) to all eligible Enrollees and offer medical coverage to all Eligible enrollees. The obligatory coverages are as follows:

- | | |
|----------------------------------|---|
| ■ Clergy | Life, AD&D, Medical, Dental, and Vision. |
| ■ Religious Brothers and Sisters | Medical and Dental *(and Vision for Religious on stipend) |
| ■ Lay Employees | Life, AD&D, NYDBL, and Medical *(Dental retired Religious on stipend) |

Cost of Coverage

You and your employer share in the cost of the Plan. Your contribution amount depends on the family members you choose to enroll.

You can elect to have your contributions deducted from your paychecks on a before tax or after tax basis. Before-tax dollars come out of your pay before federal income and Social Security taxes are withheld - and in most states, before state and local taxes are withheld. This gives your contributions a special tax advantage and lowers the actual cost to you.

Your contributions are subject to review and Archdiocese of New York reserves the right to change your contribution amount from time to time.

You can obtain current contribution rates by contacting your Benefits Administrator or Human Resources Coordinator.

How to Enroll

To enroll, contact your Benefits Administrator or Human Resources Coordinator within 31 days of the date you first become eligible for medical Plan coverage. If you do not enroll within 31 days, you will need to wait until the next annual Open Enrollment to make your benefit elections.

Each year during the annual Open Enrollment, you have the opportunity to review and change your medical election. Any changes you make during Open Enrollment will become effective the following January 1.

Important

If you wish to change your benefit elections following your marriage, birth, adoption of a child, placement for adoption of a child or other family status change, you must contact your Benefits Administrator or Human Resources Coordinator within 31 days of the event. Otherwise, you will need to wait until the next annual Open Enrollment to change your elections.

When Coverage Begins

Once your Benefits Administrator or Human Resources Coordinator receives your properly completed enrollment form, coverage will begin on the first day of the month following the applicable waiting period. Coverage for your Dependents will start on the date your coverage begins, provided you have enrolled them in a timely basis.

Coverage for a Spouse or Dependent stepchild that you acquire via marriage becomes effective the date of your marriage, provided you notify your Benefits Administrator or Human Resources Coordinator within 31 days of your marriage. Coverage for Dependent children acquired through birth, adoption, or placement for adoption is effective the date of the family status change, provided you notify your Benefits Administrator or Human Resources Coordinator within 31 days of the birth, adoption, or placement.

If You Are Hospitalized When Your Coverage Begins

If you are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, your coverage will become effective on the date you return to active service.

Changing Your Coverage

You may make coverage changes during the year only if you experience a change in family status. The change in coverage must be consistent with the change in status (e.g., you cover your Spouse following your marriage, your child following an adoption, etc.). The following are considered family status changes for purposes of the Plan:

- your marriage, divorce, legal separation or annulment;
- the birth, adoption, placement for adoption or legal guardianship of a child;
- a change in your Spouse's employment or involuntary loss of health coverage (other than coverage under the Medicare or Medicaid programs) under another employer's plan;

- loss of coverage due to the exhaustion of another employer's Cobra benefits, provided you were paying for premiums on a timely basis;
- the death of a Dependent;
- your Dependent child no longer qualifying as an eligible Dependent;
- a change in your or your Spouse's position or work schedule that impacts eligibility for health coverage;
- contributions were no longer paid by the employer (This is true even if you or your eligible Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer);
- you or your eligible Dependent who were enrolled in an HMO no longer live or work in that HMO's service area and no other benefit option is available to you or your eligible Dependent;
- benefits are no longer offered by the Plan to a class of individuals that include you or your eligible Dependent;
- termination of your or your Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage as a result of loss of eligibility (you must contact your Benefits Administrator or Human Resources Coordinator within 60 days of termination);
- you or your Dependent become eligible for a premium assistance subsidy under Medicaid or CHIP (you must contact your Benefits Administrator or Human Resources Coordinator within 60 days of determination of subsidy eligibility);
- a strike or lockout involving you or your Spouse; or
- a court or administrative order.

Unless otherwise noted above, if you wish to change your elections, you must contact your Benefits Administrator or Human Resources Coordinator within 31 days of the change in family status. Otherwise, you will need to wait until the next annual Open Enrollment.

While some of these changes in status are similar to qualifying events under Continuation of Health Benefit Coverage, you, or your eligible Dependent, do not need to elect Continuation of Health Benefit Coverage to take advantage of the special enrollment rights listed above. These will also be available to you or your eligible Dependent if Continuation of Health Benefit Coverage is elected.

Your effective date for any change in family status will be the first day of the month following the event, with the exception of the birth of a child. In which case, the date of birth will be the effective date.

Note: Any child under age 26 who is placed with you for adoption will be eligible for coverage on the date the child is placed with you, even if the legal adoption is not yet final. If you do not legally adopt the child, all medical Plan coverage for the child will end when the placement ends. No provision will be made for continuing coverage for the child.

Change in Family Status - Example

Jane is married and has two children who qualify as Dependents. At annual Open Enrollment, she elects not to participate in Archdiocese of New York's medical plan, because her husband, Tom, has family coverage under his employer's medical plan. In June, Tom loses his job as part of a downsizing. As a result, Tom loses his eligibility for medical coverage. Due to this family status change, Jane can elect family medical coverage under Archdiocese of New York's medical plan outside of annual Open Enrollment.

SECTION 3 - HOW THE PLAN WORKS

What this section includes:

- Accessing Network Benefits;
- Eligible Expenses;
- Annual Deductible;
- Copayment;
- Coinsurance; and
- Out-of-Pocket Maximum.

Accessing Network Benefits

As a participant in this Plan, you have the freedom to choose the Network Physician or health care professional you prefer each time you need to receive Covered Health Services.

You are eligible for Benefits under this Plan when you receive Covered Health Services from Physicians and other health care professionals who have contracted with UnitedHealthcare to provide those services. You must see a Network Physician in order to obtain Benefits. Except as specifically described within the SPD benefits are not available for services provided by a non-Network provider. This Plan does not provide a non-Network level of Benefits.

Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider. Benefits for facility services apply when Covered Health Services are provided at a Network facility. Benefits include Physician services provided in a Network facility by a Network or a non-Network radiologist, anesthesiologist, pathologist, Emergency room Physician and consulting Physician. Emergency Health Services and Covered Health Services received at an Urgent Care Center outside your geographic area are always paid as Network Benefits.

Network Providers

UnitedHealthcare or its affiliates arrange for health care provider to participate in a Network. At your request, UnitedHealthcare will send you a directory of Network providers free of charge. Keep in mind, a provider's Network status may change. To verify a provider's status or request a provider directory, you can call UnitedHealthcare at the toll-free number on your ID card or log onto www.myuhc.com.

Network providers are independent practitioners and are not employees of Archdiocese of New York or UnitedHealthcare.

UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Participants can use Archcare facilities as a Network provider for inpatient rehabilitation.

Health Services from Non-Network Providers

If specific Covered Health Services are not available from a Network provider, you may be eligible to receive Network Benefits from a non-Network provider. In this situation, your Network Physician will notify the Claims Administrator and the Claims Administrator confirms that care is not available from a Network provider, the Claims Administrator will work with you and your Network Physician to coordinate care through a non-Network provider.

When you receive Covered Health Services through a Network Physician, the Plan will pay Network Benefits for those Covered Health Services, even if one or more of those Covered Health Services is received from a non-Network provider.

Looking for a Network Provider?

In addition to other helpful information, www.myuhc.com, UnitedHealthcare's consumer website, contains a directory of health care professionals and facilities in UnitedHealthcare's Network. While Network status may change from time to time, www.myuhc.com has the most current source of Network information. Use www.myuhc.com to search for Physicians available in your Plan.

Possible Limitations on Provider Use

If UnitedHealthcare determines that you are using health care services in a harmful or abusive manner, you may be required to select a Network Physician to coordinate all of your future Covered Health Services. If you don't make a selection within 31 days of the date you are notified, UnitedHealthcare will select a Network Physician for you. In the event that you do not use the Network Physician to coordinate all of your care, any Covered Health Services you receive will not be paid.

Eligible Expenses

Archdiocese of New York has delegated to UnitedHealthcare the discretion and authority to decide whether a treatment or supply is a Covered Health Service and how the Eligible Expenses will be determined and otherwise covered under the Plan.

Eligible Expenses are the amount UnitedHealthcare determines that UnitedHealthcare will pay for Benefits. For Network Benefits, you are not responsible for any difference between Eligible Expenses and the amount the provider bills. Eligible Expenses are determined solely in accordance with UnitedHealthcare's reimbursement policy guidelines, as described in the SPD.

For Network Benefits, Eligible Expenses are based on the following:

- When Covered Health Services are received from a Network provider, Eligible Expenses are UnitedHealthcare's contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as a result of an Emergency or as arranged by UnitedHealthcare, Eligible Expenses are billed charges unless a lower amount is negotiated or authorized by law.

Don't Forget Your ID Card

Remember to show your UnitedHealthcare ID card every time you receive health care services from a provider. If you do not show your ID card, a provider has no way of knowing that you are enrolled under the Plan.

Annual Deductible

The Annual Deductible is the amount of Eligible Expenses you must pay each calendar year for Covered Health Services before you are eligible to begin receiving Benefits. The amounts you pay toward your Annual Deductible accumulate over the course of the calendar year.

Amounts paid toward the Annual Deductible for Covered Health Services that are subject to a dollar limit will also be calculated against that maximum benefit limit. As a result, the limited benefit will be reduced by the amount used toward meeting the Annual Deductible.

When a Covered Person was previously covered under a benefit plan that was replaced by the Plan, any amount already applied to that annual deductible provision of the prior plan may apply to the Annual Deductible provision under this Plan.

Copayment

A Copayment (Copay) is the amount you pay each time you receive certain Covered Health Services. The Copay is a flat dollar amount and is paid at the time of service or when billed by the provider. Copays count toward the Out-of-Pocket-Maximum. Copays do not count toward the Annual Deductible. If the Eligible Expense is less than the Copay, you are only responsible for paying the Eligible Expense and not the Copay.

Coinsurance

Coinsurance is the percentage of Eligible Expenses that you are responsible for paying. Coinsurance is a fixed percentage that applies to certain Covered Health Services after you meet the Annual Deductible.

Out-of-Pocket Maximum

The annual Out-of-Pocket Maximum is the most you pay each calendar year for Covered Health Services. If your eligible out-of-pocket expenses in a calendar year exceed the annual maximum, the Plan pays 100% of Eligible Expenses for Covered Health Services through the end of the calendar year.

The following table identifies what does and does not apply toward your Out-of-Pocket Maximum:

Plan Features	Applies to the Out-of-Pocket Maximum?
Copays	Yes
Payments toward the Annual Deductible	Yes

SUMMARY PLAN DESCRIPTION CHOICE PLAN SPONSORED BY THE ARCHDIOCESE OF NEW YORK FOR
BARGAINING LAY EMPLOYEES

Plan Features	Applies to the Out-of-Pocket Maximum?
Coinsurance Payments	Yes
Charges for non-Covered Health Services	No

Note: There is a separate Out-of-Pocket maximum on the prescription drug coverage of \$3,000 per individual or \$6,000 per family. Your prescription provider is CVS/Caremark.

SECTION 4 - PERSONAL HEALTH SUPPORT

What this section includes:

- An overview of the Personal Health Support program; and
- Covered Health Services for which you need to contact Personal Health Support.

UnitedHealthcare provides a program called Personal Health Support designed to encourage personalized, efficient care for you and your covered Dependents.

Personal Health Support Nurses center their efforts on prevention, education, and closing any gaps in your care. The goal of the program is to ensure you receive the most appropriate and cost-effective services available. A Personal Health Support Nurse is notified when you or your provider calls the toll-free number on your ID card regarding an upcoming treatment or service.

If you are living with a chronic condition or dealing with complex health care needs, UnitedHealthcare may assign to you a primary nurse, referred to as a Personal Health Support Nurse to guide you through your treatment. This assigned nurse will answer questions, explain options, identify your needs, and may refer you to specialized care programs. The Personal Health Support Nurse will provide you with their telephone number so you can call them with questions about your conditions, or your overall health and well-being.

Personal Health Support Nurses will provide a variety of different services to help you and your covered family members receive appropriate medical care. Program components are subject to change without notice. As of the publication of this SPD, the Personal Health Support Nurse program includes:

- **Admission counseling** - Nurse Advocates are available to help you prepare for a successful surgical admission and recovery. Call the number on the back of your ID card for support.
- **Inpatient care management** - If you are hospitalized, a nurse will work with your Physician to make sure you are getting the care you need and that your Physician's treatment plan is being carried out effectively.
- **Readmission Management** - This program serves as a bridge between the Hospital and your home if you are at high risk of being readmitted. After leaving the Hospital, if you have a certain chronic or complex condition, you may receive a phone call from a Personal Health Support Nurse to confirm that medications, needed equipment, or follow-up services are in place. The Personal Health Support Nurse will also share important health care information, reiterate and reinforce discharge instructions, and support a safe transition home.
- **Risk Management** - Designed for participants with certain chronic or complex conditions, this program addresses such health care needs as access to medical specialists, medication information, and coordination of equipment and supplies. Participants may receive a phone call from a Personal Health Support Nurse to discuss

and share important health care information related to the participant's specific chronic or complex condition.

If you do not receive a call from a Personal Health Support Nurse but feel you could benefit from any of these programs, please call the toll-free number on your ID card.

Requirements for Notifying Personal Health Support

In most cases, Network providers are responsible for notifying Personal Health Support before they provide these services to you. However, you are responsible for notifying the Personal Health Support staff prior to receiving a service for:

- dental services - accident only;
- Clinical Trials;
- Congenital heart disease surgeries;
- obesity surgery and
- transplants.

Notification is required within one business day of admission or on the same day of admission if reasonably possible after you are admitted to a non-Network Hospital as a result of an Emergency.

For notification timeframes see Section 6, *Additional Coverage Details*. For timeframes and any reductions in Benefits if you do not get prior authorization from the Mental Health/Substance Use Disorder Administrator, see Section 6, *Additional Coverage Details*.

Contacting the Claims Administrator or Personal Health Support is easy.
Simply call the toll-free number on your ID card.

SUMMARY PLAN DESCRIPTION CHOICE PLAN SPONSORED BY THE ARCHDIOCESE OF NEW YORK FOR
BARGAINING LAY EMPLOYEES

²Copays do not apply towards the Annual Deductible but do apply towards the Out-of-Pocket Maximum. The Annual Deductible applies toward the Out-of-Pocket Maximum for all Covered Health Services.

²The Plan does not require that you or a covered Dependent meet the individual Deductible in order to satisfy the family Deductible. If more than one person in a family is covered under the Plan, the single coverage Deductible must be satisfied per covered person per calendar year, not to exceed the deductible for all Covered persons in the family.

³The Plan does not require that you or a covered Dependent meet the individual Out-of-Pocket Maximum in order to satisfy the family Out-of-Pocket Maximum. If more than one person in a family is covered under the Plan, the single coverage Out-of-Pocket Maximum stated in the table above applies.

⁴Generally the following are considered to be essential benefits under the Patient Protection and Affordable Care Act:

Ambulatory patient services; emergency services, hospitalization; maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; laboratory services; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.

While the table provides you with Benefit limitations along with Copayment, Coinsurance and Annual Deductible information for each Covered Health Service, this section includes descriptions of the Benefits. These descriptions include any additional limitations that may apply, as well as Covered Health Services for which you must call Personal Health Support. The Covered Health Services in this section appear in the same order as they do in the table for easy reference. Services that are not covered are described in Section 8, *Exclusions*.

Clinical Trials

Benefits are available for routine patient care costs incurred during participation in a qualifying clinical trial for the treatment of:

- cancer or other life-threatening disease or condition. For purposes of this benefit, a life-threatening disease or condition is one from which the likelihood of death is probable unless the course of the disease or condition is interrupted;
- cardiovascular disease (cardiac/stroke) which is not life threatening, for which, as UnitedHealthcare determines, a clinical trial meets the qualifying clinical trial criteria stated below;

Benefits are available only when the Covered Person is clinically eligible for participation in the qualifying clinical trial as defined by the researcher.

- Routine patient care costs for qualifying clinical trials include:

With respect to cancer or other life-threatening diseases or conditions, a qualifying clinical trial is a Phase I, Phase II, Phase III, or Phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other life-threatening disease or condition and which meets any of the following criteria in the bulleted list below.

With respect to cardiovascular disease or musculoskeletal disorders of the spine and hip and knees and other diseases or disorders which are not life-threatening, a qualifying clinical trial is a Phase I, Phase II, or Phase III clinical trial that is conducted in relation to the detection or treatment of such non-life-threatening disease or disorder and which meets any of the following criteria in the bulleted list below.

Physician's Office Services - Sickness and Injury

Benefits are paid by the Plan for Covered Health Services received in a Physician's office for the evaluation and treatment of a Sickness or Injury. Benefits are provided under this section regardless of whether the Physician's office is free-standing, located in a clinic or located in a Hospital. Benefits under this section include allergy injections.

Benefits for preventive services are described under *Preventive Care Services* in this section.

Please Note

Your Physician does not have a copy of your SPD, and is not responsible for knowing or communicating your Benefits.

Preventive Care Services

The Plan pays Benefit for preventive care services provided on an outpatient basis at a Physician's office, an Alternate Facility or a Hospital. Preventive care services encompass medical services that have been demonstrated by clinical evidence to be safe and effective in either the early detection of disease or in the prevention of disease, have been proven to have a beneficial effect on health outcomes and include the following as required under applicable law:

- evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force;

- immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;
- with respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration; and
- with respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

You can find the list of preventive services that have a rating of "A" or "B" from the USPSTF by visiting <http://www.uspreventiveservicestaskforce.org/uspstf/uspstabrecs.htm>

Preventive care Benefits defined under the Health Resources and Services Administration (HRSA) requirement include the cost of renting one breast pump per Pregnancy in conjunction with childbirth. Benefits for breast pumps also include the cost of purchasing one breast pump per Pregnancy in conjunction with childbirth. These Benefits are described under Section 5, *Plan Highlights*, under *Covered Health Services*.

If more than one breast pump can meet your needs, Benefits are available only for the most cost effective pump. UnitedHealthcare will determine the following:

- Which pump is the most cost effective;
- Whether the pump should be purchased or rented;
- Duration of a rental;
- Timing of an acquisition.

Benefits are only available if breast pumps are obtained from a DME provider or Physician.

For questions about your preventive care Benefits under this Plan call the number on the back of your ID card.

In addition to the services listed above, this preventive care benefit includes certain:

- routine lab tests;
- diagnostic consults to prevent disease and detect abnormalities;
- diagnostic radiology and nuclear imaging procedures to screen for abnormalities;
- breast cancer screening and genetic testing; and
- tests to support cardiovascular health.

These additional services are paid under the preventive care benefit when billed by your provider with a wellness diagnosis. Call the number on the back of your ID card for additional information regarding coverage available for specific services.

Prosthetic Devices

External prosthetic devices that replace a limb or an external body part, limited to:

- Artificial arms, legs, feet and hands.
- Artificial eyes, ears and noses.
- Breast prosthesis as required by the Women's Health and Cancer Rights Act of 1998. Benefits include mastectomy bras and lymphedema stockings for the arm.

If more than one prosthetic device can meet your functional needs, Benefits are available only for the most cost-effective prosthetic device.

Note: Prosthetic devices are different from DME - see *Durable Medical Equipment (DME)* in this section.

Reconstructive Procedures

Reconstructive Procedures are services performed when a physical impairment exists and the primary purpose of the procedure is to improve or restore physiologic function.

Reconstructive procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The fact that physical appearance may change or improve as a result of a reconstructive procedure does not classify such surgery as a Cosmetic Procedure when a physical impairment exists, and the surgery restores or improves function.

Cosmetic Procedures are excluded from coverage. Procedures that correct an anatomical Congenital Anomaly without improving or restoring physiologic function are considered Cosmetic Procedures. The fact that a Covered Person may suffer psychological consequences or socially avoidant behavior as a result of an Injury, Sickness or Congenital Anomaly does not classify surgery or other procedures done to relieve such consequences or behavior as a reconstructive procedure.

Please note that Benefits for reconstructive procedures include breast reconstruction following a mastectomy and reconstruction of the non-affected breast to achieve symmetry. Other services mandated by the Women's Health and Cancer Rights Act of 1998, including breast prostheses and treatment of complications, are provided in the same manner and at the same level as those for any Covered Health Service. You can contact UnitedHealthcare at the number on your ID card for more information about Benefits for mastectomy-related services.

Please remember that you should notify Personal Health Support five business days before undergoing a Reconstructive Procedure. When you provide notification, Personal Health Support can determine whether the service is considered reconstructive or cosmetic. Cosmetic Procedures are always excluded from coverage.

Rehabilitation Services - Outpatient Therapy

The Plan provides short-term outpatient rehabilitation services for:

- Physical therapy.
- Occupational therapy.
- Restorative speech therapy.
- Pulmonary rehabilitation therapy.
- post-cochlear implant aural therapy.
- Cardiac rehabilitation therapy.

For all rehabilitation services, a licensed therapy provider, under the direction of a Physician (when required by state law), must perform the services. Benefits under this section include rehabilitation services provided in a Physician's office or on an outpatient basis at a Hospital or Alternate Facility. Benefits are available only for rehabilitation services that are expected to result in significant physical improvement in your condition within two months of the start of treatment.

Please note that the Plan will pay Benefits for speech therapy only when the speech impediment or speech dysfunction results from Injury, stroke or a Congenital Anomaly.

Habilitative Services

Benefits are provided for habilitative services provided for Covered Persons with a disabling condition when both of the following conditions are met:

- The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist, Physician, licensed nutritionist, licensed social worker or licensed psychologist.
- The initial or continued treatment must be proven and not Experimental or Investigational.

Benefits for habilitative services do not apply to those services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services. A service that does not help the Covered Person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service.

The Plan may require that a treatment plan be provided, request medical records, clinical notes, or other necessary data to allow the Plan to substantiate that initial or continued medical treatment is needed. When the treating provider anticipates that continued treatment is or will be required to permit the Covered Person to achieve demonstrable progress, the Plan may request a treatment plan consisting of diagnosis, proposed treatment by type,

frequency, anticipated duration of treatment, the anticipated goals of treatment, and how frequently the treatment plan will be updated.

For purposes of this Benefit, "habilitative services" means health care services that help a person keep, learn or improve skills and functioning for daily living.

Benefits for Durable Medical Equipment and prosthetic devices, when used as a component of habilitative services, are described under *Durable Medical Equipment* and *Prosthetic Devices* in this section.

Other than as described under Habilitative Services above, please note that the Plan will pay Benefits for speech therapy for the treatment of disorders of speech, language, voice, communication and auditory processing only when the disorder results from Injury, stroke, cancer, Congenital Anomaly, or Autism Spectrum Disorder.

Any combination of outpatient rehabilitation services is limited to 90 visits per calendar year with the exception of post-cochlear implant aural therapy in which there are no visit limits.

Skilled Nursing Facility/Inpatient Rehabilitation Facility Services

The Plan pays for Covered Health Services for an Inpatient Stay in a Skilled Nursing Facility or Inpatient Rehabilitation Facility. Benefits are available for:

- services and supplies received during the Inpatient Stay; and
- room and board in a Semi-private Room (a room with two or more beds).

Benefits are limited to 120 days per calendar year.

Please note that Benefits are available only for the care and treatment of an Injury or Sickness that would have otherwise required an Inpatient Stay in a Hospital.

Spinal Treatment

Benefits for Spinal Treatment when provided by a Network Spinal Treatment provider in the provider's office.

Benefits include diagnosis and related services and are limited to one visit and treatment per day.

Benefits for Spinal Treatment are limited to 60 visits per calendar year.

The Mental Health/Substance Use Disorder Administrator determines coverage for all levels of care. If an Inpatient Stay is required, it is covered on a Semi-private Room basis.

You are encouraged to contact the Mental Health/Substance Use Disorder Administrator for referrals to providers and coordination of care.

Special Substance Use Disorder Programs and Services

Special programs and services that are contracted under the Mental Health/Substance Use Disorder Administrator may become available to you as part of your Substance Use Disorder Services Benefit. The Substance Use Disorder Services Benefits and financial requirements assigned to these programs or services are based on the designation of the program or service to inpatient, Partial Hospitalization/Day Treatment, Intensive Outpatient Treatment, outpatient or a Transitional Care category of Benefit use. Special programs or services provide access to services that are beneficial for the treatment of your substance use disorder which may not otherwise be covered under this Plan. You must be referred to such programs through the Mental Health/Substance Use Disorder Administrator, who is responsible for coordinating your care or through other pathways as described in the program introductions. Any decision to participate in such program or service is at the discretion of the Covered Person and is not mandatory.

Temporomandibular Joint (TMJ) Services

The Plan pays for Covered Health Services for diagnostic and surgical treatment of conditions affecting the temporomandibular joint when provided by or under the direction of a Physician. Coverage includes necessary diagnostic or surgical treatment required as a result of accident, trauma, congenital defect, developmental defect, or pathology.

Transplantation Services

The services described under *Transportation and Lodging* below are Covered Health Services **ONLY** in connection with a transplant received at a Designated Facility.

Examples of transplants for which Benefits are available include but are not limited to:

- bone marrow transplants (either from you or from a compatible donor) and peripheral stem cell transplants, with or without high dose chemotherapy. Not all bone marrow transplants meet the definition of a Covered Health Service. The search for bone marrow/stem cell from a donor who is not biologically related to the patient is a Covered Health Service only for a transplant received at a Designated Facility.
- heart transplants;
- heart/lung transplants;
- lung transplants;
- kidney transplants;
- kidney/pancreas transplants;
- liver transplants;
- liver/small bowel transplants;

Benefits for cornea transplants that are provided by a Network Physician at a Network Hospital are paid as if the transplant was received at a Designated Facility. Cornea transplants are not required to be performed at a Designated Facility in order for you to receive Network Benefits. Donor costs that are directly related to organ removal are Covered Health Services for which Benefits are payable through the organ recipient's coverage under the Plan.

Organ or tissue transplants or multiple organ transplants other than those listed above are excluded from coverage, unless determined by the Claims Administrator to be a proven procedure for the involved diagnoses.

Under the Plan there are specific guidelines regarding Benefits for transplant services. Contact the Claims Administrator at the telephone number on your ID card for information about these guidelines.

Travel and Lodging

United Resource Networks Personal Health Support will assist the patient and family with travel and lodging arrangements related to:

- Congenital Heart Disease (CHD);
- transplantation services and
- cancer-related treatments.

For travel and lodging services to be covered, the patient must be receiving services at a Designated Facility through United Resource Networks.

The Plan covers expenses for travel and lodging for the patient, provided he or she is not covered by Medicare, and a companion as follows:

- transportation of the patient and one companion who is traveling on the same day(s) to and/or from the site of the cancer-related treatment, the CHD service or the transplant for the purposes of an evaluation, the procedure or necessary post-discharge follow-up;
- Eligible Expenses for lodging for the patient (while not a Hospital inpatient) and one companion. Benefits are paid at a per diem (per day) rate of up to \$50 per day for the patient or up to \$100 per day for the patient plus one companion; or
- if the patient is an enrolled Dependent minor child, the transportation expenses of two companions will be covered and lodging expenses will be reimbursed at a per diem rate up to \$100 per day.

Travel and lodging expenses are only available if the recipient lives more than 50 miles from the Designated Facility (for CRS and transplantation) or the CHD facility. UnitedHealthcare must receive valid receipts for such charges before you will be reimbursed. Examples of travel expenses may include:

- airfare at coach rate;
- taxi or ground transportation; or
- mileage reimbursement at the IRS rate for the most direct route between the patient's home and the Designated Facility.

UrgentCare Center Services

The Plan pays for Covered Health Services received at an Urgent Care Center. When services to treat urgent health care needs are provided in a Physician's office, Benefits are available as described under *Physician's Office Services* earlier in this section.

Virtual Visits

Virtual visits for Covered Health Services that include the diagnosis and treatment of low acuity medical conditions for Covered Persons, through the use of interactive audio and video telecommunication and transmissions, and audio-visual communication technology. Virtual visits provide communication of medical information in real-time between the patient and a distant Physician or health care specialist, through use of interactive audio and video communications equipment outside of a medical facility (for example, from home or from work).

Benefits are available only when services are delivered through a Designated Virtual Network Provider. You can find a Designated Virtual Network Provider by going to **www.myuhc.com** or by calling the telephone number on your ID card.

Please Note: Not all medical conditions can be appropriately treated through virtual visits. The Designated Virtual Network Provider will identify any condition for which treatment by in-person Physician contact is necessary. You will still be responsible for the Virtual Visits Copay.

Benefits under this section do not include email, fax and standard telephone calls, or for telehealth/telemedicine visits that occur within medical facilities (*CMS* defined originating facilities).

The Plan pays for wigs that are required as a result of chemotherapy. Benefits are limited to \$1,000 per calendar year.

When Benefits are limited within any of the Covered Health Services categories described in Section 6, *Additional Coverage Details*, those limits are stated in the corresponding Covered Health Service category in Section 5, *Plan Highlights*. Limits may also apply to some Covered Health Services that fall under more than one Covered Health Service category. When this occurs, those limits are also stated in Section 5, *Plan Highlights*. Please review all limits carefully, as the Plan will not pay Benefits for any of the services, treatments, items or supplies that exceed these benefit limits.

Please note that in listing services or examples, when the SPD says "this includes," or "including but not limiting to", it is not UnitedHealthcare's intent to limit the description to that specific list. SECTION 9 - CLAIMS PROCEDURES

What this section includes:

- How Network and non-Network claims work; and
- What to do if your claim is denied, in whole or in part.

Network Benefits

In general, if you receive Covered Health Services from a Network provider, UnitedHealthcare will pay the Physician or facility directly. If a Network provider bills you for any Covered Health Service other than your Copay or Coinsurance, please contact the provider or call UnitedHealthcare at the phone number on your ID card for assistance.

Keep in mind, you are responsible for meeting the Annual Deductible and paying any Copay or Coinsurance owed to a Network provider at the time of service, or when you receive a bill from the provider.

Non-Network Benefits

If you receive a bill for Covered Health Services from a non-Network provider as a result of an Emergency, you (or the provider if they prefer) must send the bill to UnitedHealthcare for processing. To make sure the claim is processed promptly and accurately, a completed claim form must be attached and mailed to UnitedHealthcare at the address on the back of your ID card.

If Your Provider Does Not File Your Claim

You can obtain a claim form by visiting www.myuhc.com, calling the toll-free number on your ID card or contacting your Benefits Administrator or Human Resources Coordinator. If you do not have a claim form, simply attach a brief letter of explanation to the bill, and verify that the bill contains the information listed below. If any of these items are missing from the bill, you can include them in your letter:

- your name and address;
- the patient's name, age and relationship to the Participant;
- the number as shown on your ID card;
- the name, address and tax identification number of the provider of the service(s);
- a diagnosis from the Physician;
- the date of service;
- an itemized bill from the provider that includes:
 - the Current Procedural Terminology (CPT) codes;
 - a description of, and the charge for, each service;
 - the date the Sickness or Injury began; and

- a statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name and address of the other carrier(s).

Failure to provide all the information listed above may delay any reimbursement that may be due you.

For medical claims, the above information should be filed with UnitedHealthcare at the address on your ID card.

After UnitedHealthcare has processed your claim, you will receive payment for Benefits that the Plan allows. It is your responsibility to pay the provider the charges you incurred, including any difference between what you were billed and what the Plan paid.

You may not assign your Benefits under the Plan to a non-Network provider without UnitedHealthcare's consent. When you assign your Benefits under the Plan to a non-Network provider with UnitedHealthcare's consent, and the non-Network provider submits a claim for payment, you and the non-Network provider represent and warrant that the Covered Health Services were actually provided and were medically appropriate.

When UnitedHealthcare has not consented to an assignment, UnitedHealthcare will send the reimbursement directly to you (the Participant) for you to reimburse the non-Network provider upon receipt of their bill. However, UnitedHealthcare reserves the right, in its discretion, to pay the non-Network provider directly for services rendered to you. When exercising its discretion with respect to payment, UnitedHealthcare may consider whether you have requested that payment of your Benefits be made directly to the non-Network provider. Under no circumstances will UnitedHealthcare pay Benefits to anyone other than you or, in its discretion, your provider. Direct payment to a non-Network provider shall not be deemed to constitute consent by UnitedHealthcare to an assignment or to waive the consent requirement. When UnitedHealthcare in its discretion directs payment to a non-Network provider, you remain the sole beneficiary of the payment, and the non-Network provider does not thereby become a beneficiary. Accordingly, legally required notices concerning your Benefits will be directed to you, although UnitedHealthcare may in its discretion send information concerning the Benefits to the non-Network provider as well. If payment to a non-Network provider is made, the Plan reserves the right to offset Benefits to be paid to the provider by any amounts that the provider owes the Plan, pursuant to *Refund of Overpayments* in Section 10, *Coordination of Benefits*.

Health Statements

Each month in which UnitedHealthcare processes at least one claim for you or a covered Dependent, you will receive a Health Statement in the mail. Health Statements make it easy for you to manage your family's medical costs by providing claims information in easy-to-understand terms.

If you would rather track claims for yourself and your covered Dependents online, you may do so at www.myuhc.com. You may also elect to discontinue receipt of paper Health Statements by making the appropriate selection on this site.

Explanation of Benefits (EOB)

You may request that UnitedHealthcare send you a paper copy of an Explanation of Benefits (EOB) after processing the claim. The EOB will let you know if there is any portion of the claim you need to pay. If any claims are denied in whole or in part, the EOB will include the reason for the denial or partial payment. If you would like paper copies of the EOBs, you may call the toll-free number on your ID card to request them. You can also view and print all of your EOBs online at www.myuhc.com. See Section 14, *Glossary* for the definition of Explanation of Benefits.

Important - Timely Filing of Non-Network Claims

All claim forms for non-Network services must be submitted within 12 months after the date of service. Otherwise, the Plan will not pay any Benefits for that Eligible Expense, or Benefits will be reduced, as determined by UnitedHealthcare. This 12-month requirement does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Claim Denials and Appeals

If Your Claim is Denied

If a claim for Benefits is denied in part or in whole, you may call UnitedHealthcare at the number on your ID card before requesting a formal appeal. If UnitedHealthcare cannot resolve the issue to your satisfaction over the phone, you have the right to file a formal appeal as described below.

How to Appeal a Denied Claim

If you wish to appeal a denied pre-service request for Benefits, post-service claim or a rescission of coverage as described below, you or your authorized representative must submit your appeal in writing within 180 days of receiving the adverse benefit determination. You do not need to submit urgent care appeals in writing. This communication should include:

- the patient's name and ID number as shown on the ID card;
- the provider's name;
- the date of medical service;
- the reason you disagree with the denial; and
- any documentation or other written information to support your request.

You or your authorized representative may send a written request for an appeal to:

UnitedHealthcare - Appeals
P.O. Box 30432
Salt Lake City, Utah 84130-0432

For urgent care requests for Benefits that have been denied, you or your provider can call UnitedHealthcare at the toll-free number on your ID card to request an appeal.

Types of claims

The timing of the claims appeal process is based on the type of claim you are appealing. If you wish to appeal a claim, it helps to understand whether it is an:

- urgent care request for Benefits;
- pre-service request for Benefits;
- post-service claim; or
- concurrent claim.

Review of an Appeal

UnitedHealthcare will conduct a full and fair review of your appeal. The appeal may be reviewed by:

- an appropriate individual(s) who did not make the initial benefit determination; and
- a health care professional with appropriate expertise who was not consulted during the initial benefit determination process.

Once the review is complete, if UnitedHealthcare upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

Filing a Second Appeal

Your Plan offers two levels of appeal. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal from UnitedHealthcare within 60 days from receipt of the first level appeal determination.

Note: Upon written request and free of charge, any Covered Persons may examine documents relevant to their claim and/or appeals and submit opinions and comments. UnitedHealthcare will review all claims in accordance with the rules established by the U.S. Department of Labor.

Federal External Review Program

If, after exhausting your internal appeals, you are not satisfied with the determination made by UnitedHealthcare, or if UnitedHealthcare fails to respond to your appeal in accordance with applicable regulations regarding timing, you may be entitled to request an external review of UnitedHealthcare's determination. The process is available at no charge to you.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- clinical reasons;
- the exclusions for Experimental or Investigational Services or Unproven Services;
- rescission of coverage (coverage that was cancelled or discontinued retroactively); or
- as otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, by calling the toll-free number on your ID card or by sending a written request to the address set out in the determination letter. A request must be made within four months after the date you received UnitedHealthcare's decision.

An external review request should include all of the following:

- a specific request for an external review;
- the Covered Person's name, address, and insurance ID number;
- your designated representative's name and address, when applicable;
- the service that was denied; and
- any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). UnitedHealthcare has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available:

- a standard external review; and
- an expedited external review.

Standard External Review

A standard external review is comprised of all of the following:

- a preliminary review by UnitedHealthcare of the request;
- a referral of the request by UnitedHealthcare to the IRO; and
- a decision by the IRO.

Within the applicable timeframe after receipt of the request, UnitedHealthcare will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following:

- is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided;
- has exhausted the applicable internal appeals process; and
- has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the preliminary review, UnitedHealthcare will issue a notification in writing to you. If the request is eligible for external review, UnitedHealthcare will assign an IRO to conduct such review. UnitedHealthcare will assign requests by either rotating claims assignments among the IROs or by using a random selection process.

The IRO will notify you in writing of the request's eligibility and acceptance for external review. You may submit in writing to the IRO within ten business days following the date of receipt of the notice additional information that the IRO will consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted by you after ten business days.

UnitedHealthcare will provide to the assigned IRO the documents and information considered in making UnitedHealthcare's determination. The documents include:

- all relevant medical records;
- all other documents relied upon by UnitedHealthcare; and
- all other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and UnitedHealthcare will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide written notice of its determination (the "Final External Review Decision") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The IRO will deliver the notice of Final External Review Decision to you and UnitedHealthcare, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing UnitedHealthcare determination, the Plan will immediately provide coverage or payment for the benefit claim at issue in accordance with the terms and conditions of the Plan, and any applicable law regarding plan remedies. If the Final External Review Decision is that payment or referral will not be made, the Plan will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The most significant difference between the two is that the time periods for completing certain portions of the review process are much shorter, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- an adverse benefit determination of a claim or appeal if the adverse benefit determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal; or
- a final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the

life or health of the individual or would jeopardize the individual's ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, UnitedHealthcare will determine whether the individual meets both of the following:

- is or was covered under the Plan at the time the health care service or procedure that is at issue in the request was provided.
- has provided all the information and forms required so that UnitedHealthcare may process the request.

After UnitedHealthcare completes the review, UnitedHealthcare will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, UnitedHealthcare will assign an IRO in the same manner UnitedHealthcare utilizes to assign standard external reviews to IROs. UnitedHealthcare will provide all necessary documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the claim anew and not be bound by any decisions or conclusions reached by UnitedHealthcare. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the initial notice, the assigned IRO will provide written confirmation of the decision to you and to UnitedHealthcare.

You may contact UnitedHealthcare at the toll-free number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Timing of Appeals Determinations

Separate schedules apply to the timing of claims appeals, depending on the type of claim. There are three types of claims:

- urgent care request for Benefits - a request for Benefits provided in connection with urgent care services;
- Pre-Service request for Benefits - a request for Benefits which the Plan must approve or in which you must notify UnitedHealthcare before non-urgent care is provided; and
- Post-Service - a claim for reimbursement of the cost of non-urgent care that has already been provided.

Please note that the Claims Administrator's decision is based only on whether or not Benefits are available under the Plan for the proposed treatment or procedure. The determination as to whether the pending health service is necessary or appropriate is between you and your Physician.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in the Claims Administrator's decision letter to you.

After completing that process, if you want to bring a legal action against Archdiocese of New York or the Claims Administrator you must do so within three years of the date you are notified of the final decision on your appeal or you lose any rights to bring such an action against Archdiocese of New York or the Claims Administrator.

SECTION 10 - COORDINATION OF BENEFITS (COB)

What this section includes:

- How your Benefits under this Plan coordinate with other medical plans;
- How coverage is affected if you become eligible for Medicare; and
- Procedures in the event the Plan overpays Benefits.

Coordination of Benefits (COB) applies to you if you are covered by more than one health benefits plan, including any one of the following:

- another employer sponsored health benefits plan;
- a medical component of a group long-term care plan, such as skilled nursing care;
- no-fault or traditional "fault" type medical payment benefits or personal injury protection benefits under an auto insurance policy;
- medical payment benefits under any premises liability or other types of liability coverage; or
- Medicare or other governmental health benefit.

If coverage is provided under two or more plans, COB determines which plan is primary and which plan is secondary. The plan considered primary pays its benefits first, without regard to the possibility that another plan may cover some expenses. Any remaining expenses may be paid under the other plan, which is considered secondary. The secondary plan may determine its benefits based on the benefits paid by the primary plan.

Don't forget to update your Dependents' Medical Coverage Information

Avoid delays on your Dependent claims by updating your Dependent's medical coverage information. Just log on to www.myuhc.com or call the toll-free number on your ID card to update your COB information. You will need the name of your Dependent's other medical coverage, along with the policy number.

Determining Which Plan is Primary

If you are covered by two or more plans, the benefit payment follows the rules below in this order:

- this Plan will always be secondary to medical payment coverage or personal injury protection coverage under any auto liability or no-fault insurance policy;
- when you have coverage under two or more medical plans and only one has COB provisions, the plan without COB provisions will pay benefits first;
- a plan that covers a person as an employee pays benefits before a plan that covers the person as a dependent;
- if you are receiving COBRA continuation coverage under another employer plan, this Plan will pay Benefits first;

- your dependent children will receive primary coverage from the parent whose birth date occurs first in a calendar year. If both parents have the same birth date, the plan that pays benefits first is the one that has been in effect the longest. This birthday rule applies only if:
 - the parents are married or living together whether or not they have ever been married and not legally separated; or
 - a court decree awards joint custody without specifying that one party has the responsibility to provide health care coverage;
- if two or more plans cover a dependent child of divorced or separated parents and if there is no court decree stating that one parent is responsible for health care, the child will be covered under the plan of:
 - the parent with custody of the child; then
 - the Spouse of the parent with custody of the child; then
 - the parent not having custody of the child; then
 - the Spouse of the parent not having custody of the child;
- plans for active employees pay before plans covering laid-off or retired employees;
- the plan that has covered the individual claimant the longest will pay first; and
- finally, if none of the above rules determines which plan is primary or secondary, the allowable expenses shall be shared equally between the plans meeting the definition of Plan. In addition, this Plan will not pay more than it would have paid had it been the primary Plan.

The following examples illustrate how the Plan determines which plan pays first and which plan pays second.

Determining Primary and Secondary Plan - Examples

- 1) Let's say you and your Spouse both have family medical coverage through your respective employers. You are unwell and go to see a Physician. Since you're covered as a Participant under this Plan, and as a Dependent under your Spouse's plan, this Plan will pay Benefits for the Physician's office visit first.
- 2) Again, let's say you and your Spouse both have family medical coverage through your respective employers. You take your Dependent child to see a Physician. This Plan will look at your birthday and your Spouse's birthday to determine which plan pays first. If you were born on June 11 and your Spouse was born on May 30, your Spouse's plan will pay first.

When This Plan is Secondary

If this Plan is secondary, it determines the amount it will pay for a Covered Health Service by following the steps below.

- the Plan determines the amount it would have paid based on the allowable expense.

- the Plan pays the entire difference between the allowable expense and the amount paid by the primary plan - as long as this amount is not more than the Plan would have paid had it been the only plan involved.

You will be responsible for any Copay, Coinsurance or Deductible payments as part of the COB payment. The maximum combined payment you may receive from all plans cannot exceed 100% of the total allowable expense. See the textbox below for the definition of allowable expense.

Determining the Allowable Expense If This Plan is Secondary

If this Plan is secondary, the allowable expense is the primary plan's Network rate. If the primary plan bases its reimbursement on reasonable and customary charges, the allowable expense is the primary plan's reasonable and customary charge. If both the primary plan and this Plan do not have a contracted rate, the allowable expense will be the greater of the two plans' reasonable and customary charges.

What is an allowable expense?

For purposes of COB, an allowable expense is a health care expense that is covered at least in part by one of the health benefit plans covering you.

When a Covered Person Qualifies for Medicare

Determining Which Plan is Primary

To the extent permitted by law, this Plan will pay Benefits second to Medicare when you become eligible for Medicare, even if you don't elect it. There are, however, Medicare-eligible individuals for whom the Plan pays Benefits first and Medicare pays benefits second:

- employees with active current employment status age 65 or older and their Spouses age 65 or older (however, Domestic Partners are excluded as provided by Medicare);
- individuals with end-stage renal disease, for a limited period of time; and
- disabled individuals under age 65 with current employment status and their Dependents under age 65.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. UnitedHealthcare may get the facts needed from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits.

UnitedHealthcare does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give UnitedHealthcare any facts needed to apply those rules and determine benefits payable. If you do not provide UnitedHealthcare the information needed to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Overpayment and Underpayment of Benefits

If you are covered under more than one medical plan, there is a possibility that the other plan will pay a benefit that UnitedHealthcare should have paid. If this occurs, the Plan may pay the other plan the amount owed.

If the Plan pays you more than it owes under this COB provision, you should pay the excess back promptly. Otherwise, the Company may recover the amount in the form of salary, wages, or benefits payable under any Company-sponsored benefit plans, including this Plan. The Company also reserves the right to recover any overpayment by legal action or offset payments on future Eligible Expenses.

If the Plan overpays a health care provider, UnitedHealthcare reserves the right to recover the excess amount from the provider pursuant to *Refund of Overpayments*, below.

Refund of Overpayments

If the Plan pays for Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to the Plan if:

- the Plan's obligation to pay Benefits was contingent on the expenses incurred being legally owed and paid by the Covered Person, but all or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person;
- all or some of the payment the Plan made exceeded the Benefits under the Plan; or
- all or some of the payment was made in error.

The amount that must be refunded equals the amount the Plan paid in excess of the amount that should have been paid under the Plan. If the refund is due from another person or organization, the Covered Person agrees to help the Plan get the refund when requested.

If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount owed, the Plan may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, (i) future Benefits for the Covered Person that are payable under the Plan; (ii) future Benefits that are payable to other Covered Persons under the Plan; or (iii) future benefits that are payable for services provided to persons under other plans for which UnitedHealthcare makes payments, with the understanding that UnitedHealthcare will then reimburse the Plan the amount of the reallocated payment. The reallocated payment amount will equal the amount of the required refund or, if less than the full amount of the required refund, will be deducted from the amount of refund owed to the Plan. The Plan may have other rights in addition to the right to reallocate overpaid amounts and other enumerated rights, including the right to commence a legal action.

SECTION 11 - SUBROGATION AND REIMBURSEMENT

The Plan has a right to subrogation and reimbursement.

Subrogation applies when the plan has paid Benefits on your behalf for a Sickness or Injury for which a third party is alleged to be responsible. The right to subrogation means that the Plan is substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that the Plan has paid that are related to the Sickness or Injury for which a third party is alleged to be responsible.

Subrogation - Example

Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if a third party causes or is alleged to have caused a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to the Plan 100% of any Benefits you received for that Sickness or Injury.

Reimbursement - Example

Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Plan as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- a person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages;
- any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages;
- the Plan Sponsor (for example workers' compensation cases);
- any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators; and
- any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with the Plan in protecting its legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
 - notifying the Plan, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable;
 - providing any relevant information requested by the Plan;
 - signing and/or delivering such documents as the Plan or its agents reasonably request to secure the subrogation and reimbursement claim;
 - responding to requests for information about any accident or injuries;
 - making court appearances;
 - obtaining the Plan's consent or its agents' consent before releasing any party from liability or payment of medical expenses; and
 - complying with the terms of this section.

Your failure to cooperate with the Plan is considered a breach of contract. As such, the Plan has the right to terminate your Benefits, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits the Plan has paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by the Plan due to you or your representative not cooperating with the Plan. If the Plan incurs attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, the Plan has the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to the Plan.

- The Plan has a first priority right to receive payment on any claim against a third party before you receive payment from that third party. Further, the Plan's first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to Hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- The Plan's subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, and punitive damages. The Plan is not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from the Plan's recovery without the Plan's express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Regardless of whether you have been fully compensated or made whole, the Plan may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which the Plan may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit the Plan's subrogation and reimbursement rights.

- Benefits paid by the Plan may also be considered to be Benefits advanced.
- If you receive any payment from any party as a result of Sickness or Injury, and the Plan alleges some or all of those funds are due and owed to the Plan, you shall hold those funds in trust, either in a separate bank account in your name or in your attorney's trust account. You agree that you will serve as a trustee over those funds to the extent of the Benefits the Plan has paid.
- The Plan's rights to recovery will not be reduced due to your own negligence.
- Upon the Plan's request, you will assign to the Plan all rights of recovery against third parties, to the extent of the Benefits the Plan has paid for the Sickness or Injury.
- The Plan may, at its option, take necessary and appropriate action to preserve its rights under these subrogation provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party and filing suit in your name, which does not obligate the Plan in any way to pay you part of any recovery the Plan might obtain.
- You may not accept any settlement that does not fully reimburse the Plan, without its written approval.
- The Plan has the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries.
- No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse the Plan for 100% of its interest unless the Plan provides written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by a third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If a third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under this Plan, the provisions of this section continue to apply, even after you are no longer covered.
- The Plan and all Administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of its discretionary authority to (1) construe and enforce the terms of the Plan's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to the Plan.

Right of Recovery

The Plan also has the right to recover benefits it has paid on you or your Dependent's behalf that were:

- made in error;
- due to a mistake in fact;
- advanced during the time period of meeting the calendar year Deductible; or
- advanced during the time period of meeting the Out-of-Pocket Maximum for the calendar year.

Benefits paid because you or your Dependent misrepresented facts are also subject to recovery.

If the Plan provides a Benefit for you or your Dependent that exceeds the amount that should have been paid, the Plan will:

- require that the overpayment be returned when requested, or
- reduce a future benefit payment for you or your Dependent by the amount of the overpayment.

If the Plan provides an advancement of benefits to you or your Dependent during the time period of meeting the Deductible and/or meeting the Out-of-Pocket Maximum for the calendar year, the Plan will send you or your Dependent a monthly statement identifying the amount you owe with payment instructions. The Plan has the right to recover Benefits it has advanced by:

- submitting a reminder letter to you or a covered Dependent that details any outstanding balance owed to the Plan; and
- conducting courtesy calls to you or a covered Dependent to discuss any outstanding balance owed to the Plan.

SECTION 12 - WHEN COVERAGE ENDS

What this section includes:

- Circumstances that cause coverage to end;
- Extended coverage; and
- How to continue coverage after it ends.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, Archdiocese of New York will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, Benefits are not provided for health services that you receive after coverage ended, even if the underlying medical condition occurred before your coverage ended.

Your coverage under the Plan will end on the earliest of:

- the last day of the month your employment with the Company ends;
- the date the Plan ends;
- the last day of the month you stop making the required contributions;
- the last day of the month you are no longer eligible;
- the last day of the month UnitedHealthcare receives written notice from Archdiocese of New York to end your coverage, or the date requested in the notice, if later; or
- the last day of the month you retire or are pensioned under the Plan, unless specific coverage is available for retired or pensioned persons and you are eligible for that coverage.

Coverage for your eligible Dependents will end on the earliest of:

- the date your coverage ends;
- the last day of the month you stop making the required contributions;
- the last day of the month UnitedHealthcare receives written notice from Archdiocese of New York to end your coverage, or the date requested in the notice, if later; or
- the last day of the month your Dependents no longer qualify as Dependents under this Plan.

Other Events Ending Your Coverage

The Plan will provide prior written notice to you that your coverage will end on the date identified in the notice if:

- you commit an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact including, but not limited to, false information relating to another person's eligibility or status as a Dependent; or
- you commit an act of physical or verbal abuse that imposes a threat to Archdiocese of New York's staff, UnitedHealthcare's staff, a provider or another Covered Person.

Note: Archdiocese of New York has the right to demand that you pay back Benefits Archdiocese of New York paid to you, or paid in your name, during the time you were incorrectly covered under the Plan.

Coverage for a Disabled Child

If an unmarried enrolled Dependent child with a mental or physical disability reaches an age when coverage would otherwise end, the Plan will continue to cover the child, as long as:

- the child is unable to be self-supporting due to a mental or physical handicap or disability;
- the child depends mainly on you for support;
- you provide a completed "Statement of Dependent Eligibility Beyond Limiting Age due to Mental Retardation or Mental or Physical Handicap Form" to United HealthCare proof of the child's incapacity and dependency within 31 days of the date coverage would have otherwise ended because the child reached a certain age; and
- you provide proof, upon United HealthCare's request, that the child continues to meet these conditions.

The proof might include medical examinations at Archdiocese of New York's expense. However, you will not be asked for this information more than once a year. If you do not supply such proof within 31 days, the Plan will no longer pay Benefits for that child.

Coverage will continue, as long as the enrolled Dependent is incapacitated and dependent upon you, unless coverage is otherwise terminated in accordance with the terms of the Plan.

Extension of Medical Coverage for Dependents Through Age 29

Please be advised that under New York State insurance regulations, children of covered employees may now be eligible to elect to extend medical coverage under the Archdiocesan health benefit program through age 29. To be eligible for this coverage, the dependent must:

1. be unmarried,
2. be between the ages of 25 and 29,
3. not be insured by or eligible for health insurance through his or her own employer,

4. live, work or reside in New York State or the health insurance company's service area, and
5. not be covered under Medicare.

Under the new regulations, dependent children who aged off their group health coverage have the opportunity to purchase coverage under the terms of their parent's policy, on an individual basis. The payment for this coverage is 100% of the full premium and will be paid directly to your institution via check or money order. Once the Employee Benefit Connections Department receives notification that the dependent has elected extended coverage, the institution will be billed through the monthly consolidated invoice.

To elect extended coverage, the dependent must complete an Election to Extend Group Health Benefit Coverage form. The form, accompanied by the initial payment and a copy of the dependent's birth certificate or court decree confirming legal guardianship, must be returned to the employer institution. The employer retains the premium payment and must forward the completed form and required documentation to Employee Benefit Connections within 60 days of the date the dependent would otherwise age off the plan. Coverage will be prospective and will start no more than 30 days from the date the election and premium payment is received.

Continuation Coverage

You or your Dependents may continue health benefits if coverage would cease due to a reduction of your work hours or your termination of employment (other than for gross misconduct). Your Dependents may continue health benefits if their coverage ceases due to your death, divorce or legal separation, or with respect to a Dependent child, failure to continue to qualify as a Dependent. Continuation must be elected in accordance with the rules set forth below.

A. Employees and Dependents Continuation Provision

If you and your Dependent's coverage would otherwise cease because of a reduction in the number of hours you work or your termination of employment for any reason other than gross misconduct, you or your Dependent may continue health benefits upon payment of the required premium to the Archdiocese of New York. You and your Dependents must elect to continue coverage within 60 days from the later of: (a) the date of a reduction of your work hours or your termination of employment; (b) the date notice of the right to continue coverage is sent; or (c) the date the coverage would otherwise cease. You must pay the first premium within 45 days from the date you elect to continue coverage. Such coverage will not be continued by UHC within the AONY plan for you and/or your Dependents, as applicable, beyond the earliest of the following dates:

- 36 months from the date your work hours are reduced or your employment terminates, whichever may occur first;
- the date the Plan cancels;
- the date coverage ends due to your failure to pay the required subsequent premium within 30 days of the due date;
- the date your Dependent ceases to qualify as an eligible Dependent;

- after you elect to continue this coverage, the date you first become entitled to Medicare, and for your Dependent, the date he/she first becomes entitled to Medicare;
- after you elect to continue this coverage, for you, the date you first become covered under another group health plan, unless you have a condition for which the new plan limits or excludes coverage, in which case coverage will continue until the earliest of any other point above.

B. Dependent Continuation Provision

If health benefits for your Dependents would otherwise cease because of:

- (1) your death;
- (2) divorce or legal separation; or
- (3) with respect to a Dependent child, failure to continue to qualify as a Dependent,

such coverage may be continued upon payment of the required premium to the Archdiocese of New York. In the case of (2) or (3) above, you or your Dependent must notify Your Employer within 60 days of such event. In addition, a Dependent must elect to continue coverage within 60 days from the later of: (a) the date the coverage would otherwise cease; or (b) the date notice of the right to continue coverage is sent.

Coverage will not continue for a Dependent beyond the earliest of the following dates:

- 36 months from the date of (1), (2) or (3) above, whichever may occur first;
- the date coverage ends due to failure to pay the required subsequent premium within 30 days of the due date;
- after the Dependent elects to continue this coverage, the date the Dependent first becomes entitled to Medicare;
- the date the policy cancels; or
- after the Dependent elects to continue this coverage, the date the Dependent first becomes covered under another group health plan, unless the Dependent has a condition for which the new plan limits or excludes coverage, in which case coverage will continue until the earliest of any other point above.

C. Subsequent Events Affecting Dependent Coverage

If, within the initial 18-month continuation period, your Dependent would lose coverage because of an event described in (1), (2), or (3) of Section B, or because of your coverage loss due to your subsequent entitlement to Medicare, after you have continued your Dependent's coverage due to your employment termination or reduction in work hours, your Dependent may continue coverage for up to 36 months from the date of loss of employment or reduction in work hours.

If your employment ends or your work hours are reduced within 18 months after your entitlement to Medicare, your covered Dependent may continue coverage for up to 36 months from the date you become entitled to Medicare.

If your employment ends or your work hours are reduced more than 18 months after your entitlement to Medicare, your covered Dependent may continue coverage for up to 18 months from the date your employment ends or your work hours are reduced.

Disabled Individuals Continuation Provisions

If you or your Dependent is disabled before or within the first 60 days of continuation of coverage which follow termination of employment or a reduction in work hours, the disabled person may continue health benefits for up to an additional 11 months beyond the 18-month period.

If you or your Dependents who are not disabled elect to continue coverage, such family members of the disabled person may extend coverage for up to an additional 11 months, if they otherwise remain eligible, and notice of disability is provided as described in (b), below.

To be eligible you or your Dependent must:

(a) be declared disabled as of a day before or during the first 60 days of continuation, under Title II or XVI by the Social Security Administration; and

(b) notify the plan administrator of the Social Security Administration's determination within 60 days following the determination and within the initial 18-month continuation period, and provide the Plan Administrator with a copy of the determination.

Termination of coverage for all covered persons during the additional 11 months will occur if the disabled person is found by the Social Security Administration to be no longer disabled. Termination for this reason will occur on the first day of the month beginning more than 30 days after the date of the final determination.

All reasons for termination described in sections A and B which apply to the initial 18 months will also apply to any or all covered persons for any additional months of coverage.

D. Payment of Premium

This Plan may require the payment of an amount that does not exceed 102% of the applicable premium, except this Plan may require payment of up to 150% of the Applicable Premium for any extended period of continuation coverage for a covered person who is disabled. The additional 48% may only be applied to the premium for the rating category that includes the disabled individual, and only for the additional 11 months.

Applicable Premium is determined as follows:

1. if the Employee alone elects to continue coverage, the Employee will be charged the active Employee rate + 2%;
2. if a Dependent spouse alone elects to continue coverage, the spouse will be charged the active Employee rate + 2%;
3. if a Dependent child or children elect to continue coverage without a parent also electing the continuation, each child will be charged the active Employee rate + 2%;

4. if the entire family elects to continue coverage, they will be charged the family rate + 2%;
5. if the Schedule of Premium rates are set up on a step-rate basis, the active rate basis that fits the individuals who elect to continue their coverage is the rate that will be charged. If only children elect to continue coverage, each child will be charged the Employee Only rate + 2%.

Timely Payment

Payment is due on the first day of each month, however, full payment of premium due must be made within the grace period. The grace period is thirty (30) days from the first day of the month.

E. Providing Notification of Your Status to Health Care Providers During the Grace Period

If after you elect to continue coverage, a health care provider contacts this Plan to confirm coverage for a period for which premium has not yet been received, the Plan must give a complete and accurate response.

F. Notification Requirements

You will receive an initial notification of coverage continuation rights when you are hired. Receipt of this booklet may serve as such notice. If you do not receive this notice within 14 days, you must contact your employer.

If eligibility to continue coverage is due to divorce, legal separation or a Dependent child losing eligibility for coverage under the Plan, you or your Dependent spouse must notify your Employer within 60 days of such event.

Interaction With Other Continuation Benefits

A person who is eligible to continue coverage under both (1) and (2) below may continue the coverage, upon payment of any required premium, for a period of time not to exceed the longer of: (1) the maximum continuation time period; or (2) any other continuation of coverage provided in this booklet.

Newly Acquired Dependents

If, while your coverage is being continued under the continuation provisions, you acquire a new Dependent, such Dependent will be eligible for this Continuation provided:

- the required premium is paid; and
- You must notify your employer in writing and your employer will notify the Administrator to notify UnitedHealthcare in accordance with the terms of the policy.

If events 1 or 2 of Section B should subsequently occur for your newly acquired Dependent spouse, such spouse will not be entitled to continue his coverage. However, your Dependent child will be able to continue his coverage.

If events described in Section C should subsequently occur for your child who is born, adopted or placed for adoption as a newly acquired Dependent, coverage will be continued according to that section.

Uniformed Services Employment and Reemployment Rights Act

A Participant who is absent from employment for more than 30 days by reason of service in the Uniformed Services may elect to continue Plan coverage for the Participant and the Participant's Dependents in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended (USERRA).

The terms "Uniformed Services" or "Military Service" mean the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or national emergency.

If qualified to continue coverage pursuant to the USERRA, Participants may elect to continue coverage under the Plan by notifying the your Benefits Administrator or Human Resources Coordinator in advance, and providing payment of any required contribution for the health coverage. This may include the amount the Employer normally pays on a Participant's behalf. If a Participant's Military Service is for a period of time less than 31 days, the Participant may not be required to pay more than the regular contribution amount, if any, for continuation of health coverage.

A Participant may continue Plan coverage under USERRA for up to the lesser of:

- the 24 month period beginning on the date of the Participant's absence from work; or
- the day after the date on which the Participant fails to apply for, or return to, a position of employment.

Regardless of whether a Participant continues health coverage, if the Participant returns to a position of employment, the Participant's health coverage and that of the Participant's eligible Dependents will be reinstated under the Plan. No exclusions or waiting period may be imposed on a Participant or the Participant's eligible Dependents in connection with this reinstatement, unless a Sickness or Injury is determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of military service.

You should call the Plan Administrator if you have questions about your rights to continue health coverage under USERRA.

FMLA

An eligible employee is entitled to a maximum of twelve (12) weeks of unpaid leave in any twelve (12) month period for reasons that qualify under FMLA. An eligible Employee who is the spouse, son, daughter, parent or next of kin of a covered service member shall be entitled to a total of 26 weeks of unpaid leave during a 12 month period to care for the service member. An Employee may choose not to retain health coverage during FMLA leave. However, when an Employee returns from leave, the Employee is entitled to have

coverage reinstated on the same basis as it would have been if the leave had not been taken. Employee will be eligible for coverage on the date they return to work. An employee may choose to retain health coverage during the FMLA leave period and must make arrangements to make premium contributions. Coverage will be reinstated without any additional qualification requirements imposed by the Plan.

SECTION 13 - OTHER IMPORTANT INFORMATION

What this section includes:

- Court-ordered Benefits for Dependent children;
- Your relationship with UnitedHealthcare and Archdiocese of New York;
- Relationships with providers;
- Interpretation of Benefits;
- Information and records;
- Incentives to providers and you; and
- The future of the Plan.

Qualified Medical Child Support Orders (QMCSOs)

A qualified medical child support order (QMCSO) is a judgment, decree or order issued by a court or appropriate state agency that requires a child to be covered for medical benefits. Generally, a QMCSO is issued as part of a paternity, divorce, or other child support settlement.

If the Plan receives a medical child support order for your child that instructs the Plan to cover the child, the Plan Administrator will review it to determine if it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Plan as your Dependent, and the Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

Note: A National Medical Support Notice will be recognized as a QMCSO if it meets the requirements of a QMCSO.

Your Relationship with UnitedHealthcare and Archdiocese of New York

In order to make choices about your health care coverage and treatment, Archdiocese of New York believes that it is important for you to understand how UnitedHealthcare interacts with the Plan Sponsor's benefit Plan and how it may affect you. UnitedHealthcare helps administer the Plan Sponsor's benefit plan in which you are enrolled. UnitedHealthcare does not provide medical services or make treatment decisions. This means:

- Archdiocese of New York and UnitedHealthcare do not decide what care you need or will receive. You and your Physician make those decisions;
- UnitedHealthcare communicates to you decisions about whether the Plan will cover or pay for the health care that you may receive (the Plan pays for Covered Health Services, which are more fully described in this SPD); and

- the Plan may not pay for all treatments you or your Physician may believe are necessary. If the Plan does not pay, you will be responsible for the cost.

Archdiocese of New York and UnitedHealthcare may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. Archdiocese of New York and UnitedHealthcare will use individually identifiable information about you as permitted or required by law, including in operations and in research. Archdiocese of New York and UnitedHealthcare will use de-identified data for commercial purposes including research.

Relationship with Providers

The relationships between Archdiocese of New York, UnitedHealthcare and Network providers are solely contractual relationships between independent contractors. Network providers are not Archdiocese of New York's agents or employees, nor are they agents or employees of UnitedHealthcare. Archdiocese of New York and any of its employees are not agents or employees of Network providers, nor are UnitedHealthcare and any of its employees agents or employees of Network providers.

Archdiocese of New York and UnitedHealthcare do not provide health care services or supplies, nor do they practice medicine. Instead, Archdiocese of New York and UnitedHealthcare arrange for health care providers to participate in a Network and pay Benefits. Network providers are independent practitioners who run their own offices and facilities. UnitedHealthcare's credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not Archdiocese of New York's employees nor are they employees of UnitedHealthcare. Archdiocese of New York and UnitedHealthcare do not have any other relationship with Network providers such as principal-agent or joint venture. Archdiocese of New York and UnitedHealthcare are not liable for any act or omission of any provider.

UnitedHealthcare is not considered to be an employer of the Plan Administrator for any purpose with respect to the administration or provision of benefits under this Plan.

Archdiocese of New York is solely responsible for:

- enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage);
- the timely payment of Benefits; and
- notifying you of the termination or modifications to the Plan.

Your Relationship with Providers

The relationship between you and any provider is that of provider and patient. Your provider is solely responsible for the quality of the services provided to you. You:

- are responsible for choosing your own provider;

- are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Copayments, Coinsurance, any Annual Deductible and any amount that exceeds Eligible Expenses;
- are responsible for paying, directly to your provider, the cost of any non-Covered Health Service;
- must decide if any provider treating you is right for you (this includes Network providers you choose and providers to whom you have been referred); and
- must decide with your provider what care you should receive.

Interpretation of Benefits

Archdiocese of New York and UnitedHealthcare have the sole and exclusive discretion to:

- interpret Benefits under the Plan;
- interpret the other terms, conditions, limitations and exclusions of the Plan, including this SPD and any Riders and/or Amendments; and
- make factual determinations related to the Plan and its Benefits.

Archdiocese of New York and UnitedHealthcare may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Plan.

In certain circumstances, for purposes of overall cost savings or efficiency, Archdiocese of New York may, in its discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that Archdiocese of New York does so in any particular case shall not in any way be deemed to require Archdiocese of New York to do so in other similar cases.

Information and Records

Archdiocese of New York and UnitedHealthcare may use your individually identifiable health information to administer the Plan and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. Archdiocese of New York and UnitedHealthcare may request additional information from you to decide your claim for Benefits. Archdiocese of New York and UnitedHealthcare will keep this information confidential. Archdiocese of New York and UnitedHealthcare may also use your de-identified data for commercial purposes, including research, as permitted by law.

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided services to you to furnish Archdiocese of New York and UnitedHealthcare with all information or copies of records relating to the services provided to you. Archdiocese of New York and UnitedHealthcare have the right to request this information at any reasonable time. This applies to all Covered Persons, including enrolled Dependents whether or not they have signed the Participant's enrollment form. Archdiocese of New York and UnitedHealthcare agree that such information and records will be considered confidential.

Archdiocese of New York and UnitedHealthcare have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Plan, for appropriate medical review or quality assessment, or as Archdiocese of New York is required to do by law or regulation. During and after the term of the Plan, Archdiocese of New York and UnitedHealthcare and its related entities may use and transfer the information gathered under the Plan in a de-identified format for commercial purposes, including research and analytic purposes.

For complete listings of your medical records or billing statements Archdiocese of New York recommends that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from UnitedHealthcare, they also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, Archdiocese of New York and UnitedHealthcare will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. UnitedHealthcare's designees have the same rights to this information as does the Plan Administrator.

Incentives to Providers

Network providers may be provided financial incentives by UnitedHealthcare to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- bonuses for performance based on factors that may include quality, member satisfaction, and/or cost-effectiveness; or
- a practice called capitation which is when a group of Network providers receives a monthly payment from UnitedHealthcare for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

If you have any questions regarding financial incentives you may contact the telephone number on your ID card. You can ask whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed. In addition, you may choose to discuss these financial incentives with your Network provider.

Incentives to You

Sometimes you may be offered coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is yours alone but Archdiocese of New York recommends that you discuss participating in such programs with your Physician. These incentives are not

Benefits and do not alter or affect your Benefits. You may call the number on the back of your ID card if you have any questions.

Rebates and Other Payments

Archdiocese of New York and UnitedHealthcare may receive rebates for certain drugs that are administered to you in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet your Annual Deductible. Archdiocese of New York and UnitedHealthcare do not pass these rebates on to you, nor are they applied to your Annual Deductible or taken into account in determining your Copays or Coinsurance.

Workers' Compensation Not Affected

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Future of the Plan

Although the Company expects to continue the Plan indefinitely, it reserves the right to discontinue, alter or modify the Plan in whole or in part, at any time and for any reason, at its sole determination.

The Company's decision to terminate or amend a Plan may be due to changes in federal or state laws governing employee benefits, the requirements of the Internal Revenue Code or any other reason. A plan change may transfer plan assets and debts to another plan or split a plan into two or more parts. If the Company does change or terminate a plan, it may decide to set up a different plan providing similar or different benefits.

If this Plan is terminated, Covered Persons will not have the right to any other Benefits from the Plan, other than for those claims incurred prior to the date of termination, or as otherwise provided under the Plan. In addition, if the Plan is amended, Covered Persons may be subject to altered coverage and Benefits.

The amount and form of any final benefit you receive will depend on any contract provisions affecting the Plan and Company decisions. After all Benefits have been paid and other requirements of the law have been met, certain remaining Plan assets will be turned over to the Company and others as may be required by any applicable law.

- not identified in Section 8, *Exclusions*.

The Claims Administrator maintains clinical protocols that describe the scientific evidence, prevailing medical standards and clinical guidelines supporting its determinations regarding specific services. - provide assistance in activities of daily living (including but not limited to feeding, dressing, bathing, ostomy care, incontinence care, checking of routine vital signs, transferring and ambulating);
- are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence; or
- do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

Deductible - see Annual Deductible.

Eligible Expenses are determined solely in accordance with UnitedHealthcare's reimbursement policy guidelines. UnitedHealthcare develops the reimbursement policy guidelines, in UnitedHealthcare's discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- as indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS);
- as reported by generally recognized professionals or publications;

- subject to review and approval by any institutional review board for the proposed use (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational); or

Exceptions:

- Clinical trials for which Benefits are available as described under *Clinical Trials* in Section 6, *Additional Coverage Details*.
- If you are not a participant in a qualifying Clinical Trial as described under Section 6, *Additional Coverage Details*, and have a Sickness or condition that is likely to cause death within one year of the request for treatment, the Claims Administrator may, at its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Health Service for that Sickness or condition. Prior to such consideration, the Claims Administrator must determine that, although unproven, the service has significant potential as an effective treatment for that Sickness or condition.

Explanation of Benefits (EOB) - a statement provided by UnitedHealthcare to you, your Physician, or another health care professional that explains:

- the Benefits provided (if any);
- the allowable reimbursement amounts;
- Deductibles;
- Coinsurance;
- any other reductions taken;

A provider may enter into an agreement to provide only certain Covered Health Services, but not all Covered Health Services, or to be a Network provider for only some products. In this case, the provider will be a Network provider for the Covered Health Services and products included in the participation agreement, and a non-Network provider for other

Covered Health Services and products. The participation status of providers will change from time to time.

Please note: Any podiatrist, dentist, psychologist, chiropractor, optometrist or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. Plan Sponsor - Archdiocese of New York.

The primary purpose of a Reconstructive Procedure is either to treat a medical condition or to improve or restore physiologic function. Reconstructive Procedures include surgery or other procedures which are associated with an Injury, Sickness or Congenital Anomaly. The primary result of the procedure is not changed or improved physical appearance. The fact that a person may suffer psychologically as a result of the impairment does not classify surgery or any other procedure done to relieve the impairment as a Reconstructive Procedure.

Residential Treatment Facility - a facility which provides a program of effective Mental Health Services or Substance Use Disorder Services treatment and which meets all of the following requirements:

- it is established and operated in accordance with applicable state law for residential treatment programs;
- it provides a program of treatment under the active participation and direction of a Physician and approved by the Mental Health/Substance Use Disorder Administrator;

 - room and board;
 - evaluation and diagnosis;
 - counseling; and
 - referral and orientation to specialized community resources.

A Residential Treatment Facility that qualifies as a Hospital is considered a Hospital.

Semi-private Room - a room with two or more beds. Spinal Treatment - detection or correction (by manual or mechanical means) of subluxation(s) in the body to remove nerve interference or its effects. The interference must be the result of, or related to, distortion, misalignment or subluxation of, or in, the vertebral column.

Spouse - an individual to whom you are legally married. The term married means only a legal union between one man and one woman as husband and wife and the term spouse refers to a person of the opposite sex who is a husband or wife.

Substance Use Disorder Services - Covered Health Services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*, unless those services are specifically excluded. Transitional Care - Mental Health Services/Substance Use Disorder Services that are provided through transitional living facilities, group homes and supervised apartments that provide 24-hour supervision that are either:

- sober living arrangements such as drug-free housing, alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery; or
- supervised living arrangement which are residences such as transitional living facilities, group homes and supervised apartments that provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

UnitedHealth Premium ProgramSM - a program that identifies Network Physicians that have been designated as a UnitedHealth Premium ProgramSM Physician for certain medical conditions.

To be designated as a UnitedHealth PremiumSM provider, Physicians must meet program criteria. The fact that a Physician is a Network Physician does not mean that it is a UnitedHealth Premium ProgramSM Physician.

Unproven Services - health services, including medications that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

The decision about whether such a service can be deemed a Covered Health Service is solely at UnitedHealthcare's discretion. Other apparently similar promising but unproven services may not qualify.

Urgent Care - treatment of an unexpected Sickness or Injury that is not life-threatening but requires outpatient medical care that cannot be postponed. An urgent situation requires prompt medical attention to avoid complications and unnecessary suffering, such as high fever, a skin rash, or an ear infection.

Urgent Care Center - a facility that provides Urgent Care services, as previously defined in this section. In general, Urgent Care Centers:

- do not require an appointment;

- are open outside of normal business hours, so you can get medical attention for minor illnesses that occur at night or on weekends; and

Patient Protection and Affordable Care Act ("PPACA")

Patient Protection Notices

The Claims Administrator generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in the Claims Administrator's network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the Claims Administrator at the number on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from the Claims Administrator or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the Claims Administrator's network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the Claims Administrator at the number on the back of your ID card.

ATTACHMENT III - LEGAL NOTICES

Women's Health and Cancer Rights Act of 1998

As required by the Women's Health and Cancer Rights Act of 1998, the Plan provides Benefits under the Plan for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health Plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the Plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain prior authorization or notify the Claims Administrator. For information on notification or prior authorization, contact your issuer.

The Use and Disclosure of Protected Health Information and Security of Electronic Protected Health Information

Under the federal privacy regulations enacted pursuant to the Health Insurance Portability and Accountability Act of 1996 (HIPAA), your health plans are required to protect the confidentiality of your Protected Health Information. Protected Health Information (PHI) is individually identifiable health information related to your condition, services provided to you, or payments made for your care, which is created or received by a health plan, a health care clearinghouse, or a health care provider that electronically transmits such information. - If feasible, return or destroy all PHI received from Plan that Archdiocese of New York still maintains in any form and retain no copies of such PHI when no longer needed for the specified disclosure purpose. If return or destruction is not feasible, Archdiocese of New York will limit further uses and disclosures to those purposes that make the return or destruction infeasible.
- In order to receive ePHI from the Plan, Archdiocese of New York agrees that it will:
- Implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the ePHI that Archdiocese of New York creates, receives, maintains, or transmits on behalf of the Plan;
- Ensure that access to, and use and disclosure of ePHI by the employees or classes of employees described in this Plan is supported by reasonable and appropriate security measures;
